MITCHELL BEGINS SERVICE AS HEAD LOCAL POSTOFFICE

EX-SERVICE MAN APPOINTED POSTMASTER AND NOW HAS CHARGE OF LOCAL SYSTEM

Lloyd Mitchell, young Cameron business man and soldier of the world war, has begun his duties as postmaster in Cameron, having received his appointment several weeks ago.

Mr. Mitchell succeeds Jeff T. Kemp who was acting postmaster. Mr. Mitchell made application for the position shortly after his return from Europe and was given the appointment over a number of competitors.

In business life Mr. Mitchell is a member of the firm of Collins & Mitchell, clothing in Cameron. He will maintain his interest in the business but will not be active in its management. His appointment has been known for several weeks and he was delayed in taking charge because of business duties elsewhere.

Mr. Mitchell is a native of Milam county and is 32 years of age. He saw extensive and hazardous service in the world war as a commissioned officer in Company A, 357th Infantry, 90th Division. He was commissioned from the officer's training school at Leon Springs and went over with the Texas and Oklahoma division in June of 1917.

After the war Mr. Mitchell was on detached service for a long period with the Resuscitation and Claims Service and traveled over a large area of Southern France settling claims for the United States Government.

He was commissioned as First Lieutenant at Leon Springs but was promoted to be Captain following a short period of service in France. He remained in France long after his comrades had returned to America in charge of important assignments with the claims and requisition service.

His business experience will insure a high standard of postal service from the local office and his friends in Texas and elsewhere will be glad to learn of his appointment.

NEW THEATER TO OPEN OCTOBER 14

DELAY IN COMPLETION OF THE BUILDING PREVENTS OPENING ON OCTOBER 1 AS PLANNED.

The Auditorium Theater, Cameron's New Photo Play House, will open its doors to the public October 14, according to announcement made today by Manager Thompson.

Delay in the construction of the building is responsible for the failure to open on October 1 as originally planned by the management. The first program will feature Georges Carpentier, the French heavyweight boxing champion, in one of his latest screen triumphs. Carpentier is succeeding on the screen as he has succeeded in the squared circle.

The contractors are rushing to completion the work on the new theater and will complete all details of the construction by the middle of the week.

The world's press has been shown this week in the new theater and such arrangements as could be improved during the emergency were made.

BACK FROM CONVENTION OF TEXAS DRUGGISTS

F. E. Jackson, of the Pace-Marshall Drug Company, has just returned from the convention of the Pharmaceutical Association of Texas which met in Dallas. The convention was one of the most notable in the history of the Association.

Mr. Jackson while in Dallas took special work and examinations and is now a registered druggist. He takes an active part in the Association and always attends the conventions.

His friends and patrons will be glad to learn of his advancement in the profession and of his becoming a registered druggist.

PROCLAMATION

Whereas, Texas suffers a property loss by fire of several millions of dollars annually, seventy-five per cent of which is preventable and can be avoided by applying the simple rules of safety, and by the abandonment of carelessness; and

Whereas, Each year many of our citizens are burned to death, or maimed for life by fire. A compilation of statistics by State Authorities show there were 152 deaths and 310 injuries during the eleven months' period ending July 31, 1920.

Now Therefore, I, U. S. Hearrell, Mayor of the city of Cameron, to the end that the needless destruction of our created resources by fire may be minimized, and the lives and health of our people properly protected, do hereby proclaim SATURDAY, the NINTH day of OCTOBER, A. D. 1920, FIRE PREVENTION DAY in the city of Cameron, and do hereby call upon our entire citizenship to observe the occasion by an examination of all flues and chimneys for the purpose of placing them in a safe condition for use; to clear away all accumulations of trash and other fire breeding agencies; to resolve to abandon careless habits responsible for so much of the fire loss, and particularly to exercise care in the handling, use, and storage of gasoline and other volatiles.

On that Day let our commercial organizations, our Women's Clubs, Boy Scouts, and other local bodies, stimulate interest in the work of eliminating fire dangers by actively engaging in the campaign against the things that cause fires, and let the teachers in all of our schools on the day preceding this occasion, instruct the children under their care in the execution of fire drills, and urge upon them the need for vigorously observing Fire Prevention Day.

In Testimony Whereof, I hereto sign my name and affix my official seal this 7th day of October A. D. 1920.

U. S. HEARRELL, Mayor.

JEFF T. KEMP TO WRITE INSURANCE

Jeff T. Kemp, former postmaster in Cameron, is now actively engaged in writing insurance, having closed a contract for local territory. He will no longer be connected with the local postal service as Lloyd Mitchell, ex-service man and Cameron business man has secured the appointment as permanent postmaster and has taken charge of the local office.

Mr. Kemp on leaving the service of the local postoffice was presented with a beautiful gold fountain pen by the employees of the local office as a token of their esteem and appreciation of his courteous dealing with them during his term as postmaster.

Mr. Kemp has been a leading citizen of Milam county for many years, and has served as county clerk in Milam county a number of terms. His wide experience as a public man will net him good returns now that he has turned his attention to the field of insurance.

His many friends in this county as well as over the State will be interested to learn of his new business venture and wish him success. Patrons of the local postoffice will remember and appreciate the service during his term of office.

Mr. F. A. Brock of Eloise was in Cameron looking after the opening of the Auditorium theater.

THE SALVATION ARMY

The week of October 4th to 11th has been named as Salvation Army Week, in which to raise funds for the great work this noble organization is doing in Texas. In view of the present unsettled conditions the County Advisory Board for Milam County has decided not to conduct a campaign or "drive" in this county; but will simply accept subscriptions and forward them to the State Treasurer. All persons desiring to subscribe to the Salvation Army are requested to leave their subscriptions at any bank in the County or with any member of the County Advisory Board. Buttons will be issued to all subscribers.

While no appeal is to be made by the Advisory Board, it is well to remember that the Salvation Army is doing a great and ever increasing work. Its work before the Great War was done mainly in the densely populated sections of the cities, and consisted for the most part in aiding the needy, raising the fallen and comforting the afflicted, all tempered with the spiritual uplifting that is the foundation of its efforts. During the war the Salvation Army was one of

the great agencies working among the soldiers and sailors for their comfort and spiritual welfare, and was undoubtedly the most popular of all with the men. The lassie with the doughnuts will live forever in the world's history. Since the war the Salvation Army has gone back to its pre-war work, but has increased that work a hundred-fold and has extended it into kindred fields.

The recent organization of County Advisory Boards all over the State or Texas is a part of the "Army's" new work. It means that the work which was formerly done only in the cities will be extended to the country. Milam County will benefit from whatever amount is subscribed this week to the extent that Milam County needs the Salvation Army. Remember, Mr. Citizen, that whatever you give may go to help your neighbor's son or daughter, or even yourself. Don't think of your duty! Think of the pleasure it will give you to know that you are helping in this great cause! Call at your bank and get a button!

RED CROSS MEETING LARGELY ATTENDED; ROLL CALL PLANNED

LOCAL CHAPTER SEND DELEGATES TO STATE CONVENTION AT WACO, OCT. 4-5

The Texas State American Red Cross Conference which convened in Waco Monday and Tuesday, (Oct. 4th and 5th) was attended by Mesdames B. P. Matocha, Delegate and C. R. Phillips, Division Chairman and member of State and District Committee.

Mrs. Matocha filled the vacancy caused by the recent illness of Mrs. Pearl Clement. At this conference, Roll Call plans of the A. R. S. were given to the county chapters for the forth coming drive, which will begin Nov. 11 and extend through the holidays or as the local chapter directs.

There were 137 delegates from over the State and the Conference was a splendid one in point of interest, enthusiasm and numbers present. Many of the Chapters have been handling cases by the hundreds and their chapter finances have been severely taxed. A post war organization with a masterful personnel is needed to handle this big job of taking care of our wounded Texas Soldiers. Fort Camp Logan in Houston, El Paso and San Antonio chapters are carrying on a wonderful work. The Paris chapter have handle 500 wounded soldier cases. And there are still 26,000 men in hospitals now.

The principal addresses were made by F. C. Munroe, General Manager and Dr. Livingston Farrand, Chairman A. R. S. who was in Paris and Versailles a month ago. Prominent among the Conference speakers were Miss Charlotte Tansig of the Mail and Director of Publicity; Miss Burdette, St. Louis; Messrs. Stridell, Dallas A. R. C. Civ-R.; Camp, Dr. Farrand, Judge Sleeper, Waverly Briggs, Director State of Texas; Mrs. E. R. Krager, St. Louis Div. Director Junior A. R. C.

Sunday, Nov. 14, will be Red Cross Sunday.

Below is program:
Parish House, St. Paul's Episcopal Church.

9:00 a. m.—Registration of Delegates.

10:00 a. m.—General Session—Conference opened by presiding officer. Address of Welcome, Hon. Ben C. Richards, Mayor of Waco.

10:30 a. m.—Address by F. C. Munroe, General Manager.

11:00 a. m.—Presentation of Red Cross Program by Departments—Health Service, Civilian Relief, Juniors, Training, Disasters, Auxiliary, Camp Service.

12:15 p. m.—Recess.

1:00 p. m. (promptly)—Luncheon, Raleigh Hotel. Address by Dr. Farrand.

2:30 p. m.—Round Table Session—Auxiliary Service.

3:30 p. m.—Round Table Session—Junior Membership.

4:00 p. m.—Automobile ride, starting from Parish House, Episcopal Church.

8:00 p. m.—General meeting, Austin Avenue Methodist Church. (Public invited). Address of welcome, Judge W. M. Sleeper, Chairman Waco-Milam County Chapter Red Cross. Introduction of Presiding Officer, Mrs. E. R. Kroeger, Division Director, Junior Red Cross.

Address by Mr. Frederick C. Munroe, General Manager—American National Red Cross.

Address by Dr. Livingston Farrand, Chairman—American National Red Cross.

are very prominent right at that point, these are now to be seen on the streets leading down to the fire station.

As soon as can be done, the open back closets along the drain to the southeast should be looked after, as well as the hogs near the livery stable, a leaking water line also in that neighborhood. At this time we hesitate in trying to offer an economical suggestion for the sewer worms found in prominent numbers, but will try and work them out with other sanitary measures on our next call.

Briefly we wish to compliment you

NIGHT RIDERS ARE PLYING TORCH TO TEXAS COTTON GINS

ENRAGED OVER PRICE OF COTTON RESORT TO VIOLENCE. WARNINGS ARE ISSUED

Abilene, Oct. 6.—There were no new developments overnight in the so called "Night Riders" situation in Jones County, following receipt by a number of gins of warnings to cease operations, so far as can be learned here.

Gins at Anson which received warnings to quit are continuing operation, it is stated. One Anson gin proprietor said that he had received one notice to quit and considered every bale of cotton driven into his yard a notice to continue, so he will follow the majority.

"One threatening letter from an anonymous writer who doesn't know what he is talking about, and probably doesn't own a pound of cotton himself, shouldn't have much weight with anybody," this ginner is quoted as saying.

Heavy guards have been placed on the gins. The text of the letters received by four Anson gins reads as follows.

"Stop ginning. To stop ginning till cotton sell for 40 cents. Signed—Cometie. Tell all others."

OFFICERS REFUSE TO DISCUSS SITUATION

Anson, Texas, Oct. 6.—Peace officers are here and refuse to divulge their plan of action against the further burning of gins in this county following the warning received by gins to stop operations until cotton sells for 40 cents.

A gin at Lueders was burned Monday night and the plant of C. H. Rowland was destroyed by fire here Saturday night. Officers declare they have no evidence to ascertain the origin of the fire. All six gins here are running to their capacity.

Georgia Gins Guarded

Atlanta, Ga., Oct. 6.—Destruction of several cotton gins and business houses in the cotton belt after anonymous threats had been received by operators and business men to cease activities while cotton was selling at what many farmers termed prices below the cost of production, has resulted in the placing of armed guards around several gins and the closing of business in at least one community.

The general mercantile establishment of Taylor & Barnett at Hanceville, Ala., was destroyed early yesterday after the proprietors had ignored orders to close their places of business until cotton was selling at 40 cents a pound and had withdrawn guards.

Business houses at New Hanceville, whose proprietors received similar warnings, closed yesterday but stores at Garden City and Hanceville and gins in the vicinity remained open under armed guards.

Threats also have been received by business men in Georgia and South Carolina and the sheriff of Anderson County, South Carolina, yesterday was appealed to for protection after gin operators had received additional warnings. In Anderson County the gins have been given until Oct. 7 to suspend activities. Warnings posted on gins at Bowman, Ga., reads:

"We, the citizens of everywhere, kindly ask that this ginnery be closed until November, 1920, unless further notified. Please take notice."

and your city on the splendid conditions found as a whole, and in particular on the Anti-Malaria Mosquito Campaign, and the excellent results thus far accomplished, evidences of caring and close inspection are noticed all around town.

With kindest personal regards,
G. H. PARK,
Inspector.

C. W. Lawrence and Judge John Watson have been elected as delegates from the local church to the synod of Texas to be held in Milford Tuesday by the Presbyterian church.

WORK BEGINS ON HEFLEY THEATER

WONDERLAND MANAGER TO COMPLETE MODERN NEW PLAY HOUSE WITHIN SHORT TIME

Construction work has been started on the new theater to be erected by Sam Hefley in the W. T. Hefley building adjoining the Palace of Sweets. Tenants of the building moved out last week and the construction forces have made good progress this week.

The interior of the building will be remodeled for the theater. The play house will have an upper and lower floor. A modern lobby will be built in and the entrance made modern in every way.

Mr. Hefley now owns and operates the Wonderland Theater and this show will continue to operate thus giving Cameron three picture shows.

The new photo play house will be in operation in a very short time as constructing work is being rushed.

BETTER SCHOOLS SPEAKER IN CAMERON OCT. 12th

County Superintendent Jim F. Chadwick is in receipt of information announcing that Mr. S. M. N. Marrs will speak in Cameron Tuesday, Oct. 12th. Mr. Marrs is representing the Better Schools Campaign now being conducted in Texas under direction of the Board of Health. The address will be delivered at 3 o'clock p. m. in the district court room. School patrons and the public should hear this address.

BIRTHDAY PARTY

Little Miss Ainette Ryan celebrated her seventh birthday this week with a town party at her home in which she entertained a host of her friends. She received many gifts from her friends with best wishes for many more happy birthdays. A delightful refreshment course was served with cream cones.

Mrs. Ryan was assisted in serving by Jennie Wren Houston.

CAM-HI NEWS

OUR HIGH SCHOOL

School started this year on September 13, with a greater number of pupils in the high school than last year. In our high school this year we have four new teachers: Mr. Jones, Mr. Williams, Miss Cass and Miss Loventhall. On account of the large number of pupils the study hall is not large enough to seat them all, and consequently the students are working under somewhat crowded conditions.

After the first three days things were in fine shape and the real school work began. Each class has a greater number of members than it had last year. The classes have organized and have already begun to develop class spirit.

The girls' literary clubs have been organized. There are two literary clubs for the girls. One of girls who are members of senior and junior classes, the other of girls who are members of sophomore and freshmen classes. The boys' club has also been organized as "The Disciples of Socrates." The first program will be given at the next meeting, which will be Thursday evening.

Along with school work, football has not been forgotten. Our team practices every evening and is getting in trim for the game with Rosebud next Friday. In spite of the fact that there are not as many boys interested in football as there should be, our coach, Mr. Jones, who is an excellent coach will do his very best to put out a winning team.

As time passes the general conditions in the high school are becoming more settled. The students are getting accustomed to school life and are beginning to bring up the work.

"THE DISCIPLES OF SOCRATES"

On Thursday, September 23, a large number of male students of the Cam-Hi met, and organized a literary society. Twenty-seven members were enrolled, and the following officers were elected:

President—William Avriett.
Vice President—Lee Howell.
Publicity Chairman—Scott McGuire.

Critic—Mr. Williams.
Sergeant-at-Arms—Walter Willis.
President Avriett appointed as program committee: Messrs. Massengale, Mewhinney and Howell. At the motion of Mr. Charles McGhee the meeting adjourned.

On the following Thursday Thursday, September 30, the new society met. At the suggestion of Mr. Cox the vice-president, the society adopted the name "The Disciples of Socrates." Coran Yates, Eugene Matula, Billie Clark and Walter Hendrichsen were accepted as members of the society. Several sections of the By-Laws of the society were voted upon and Clark, Cox and Matula were appointed by the President to settle the questions of initiation of members, dues, fines and future times of meetings. At the motion of Mr. Alton Baggett the meeting then adjourned.

GIRLS' CLUB

The second meeting of the Girls' Club was held Thursday in the regular club room. The chairman of all the committees made a very favorable report. After the business of the club was attended to, a very interesting program followed. "Discovering a Year" was the subject, and it was discussed from different view points. Miss Jennie Lou Bryant made a good talk "Discovering a School," and Miss Mary Bailey discussed "Discoveries in the Home." The program was ended by a very interesting talk by Miss Agnes Henderson, concerning "Discoveries in Our Own Town."

CARRIE YOE CLUB

The girls of the Freshmen and Sophomore Classes held their regular meeting in their club room Thursday afternoon. The club was called to order by a selection on the Edison. Label Akin read the first installment

of "More Stately Mansions." "The Day I Would Like to Live Over," by Dr. Crane, was given by Eloise Rogers. The girls unanimously agreed to name the organization "The Carrie Yoe Club" in honor of Mrs. Yoe who has so generously displayed her interest in the education of the young people of Cameron.

CAM-HI FOOT BALL

The Cameron High School football team was organized and began practice on September 14. Under the Coaches, Mr. J. C. Jones and Mr. Max Plaster the team is improving greatly. For the first week only light work-outs were given. During that week the men most of the time were receiving training in catching forward passes and punts. Also, in that week long and short sprints were taken. Signal practice began the second week. Several good plays have been given the team by Coaches Jones and Plaster.

Among the men trying for the line are: Captain Basnin, Watson, Joynes, Mayfield, Hefley, Tracy, G. Baskin, Massengale and Hubert. This line contains some large and good men. Some of the men trying for places in the backfield are: H. Willis, W. Willis, Matula, Self, Howell and Stevens. Porter Stevens, who has lived in Cameron before and who is known by nearly everyone in Cameron, came over from Rockdale last week to go to school in Cameron. Besides being a great addition to the team everyone is glad to see Porter back.

At this time Cameron has three games scheduled. They are: Rosebud at Cameron, Friday, October 8.

Cameron at Taylor, Friday, October 15.

Beltan at Cameron, Friday October 22.

The football team is progressing wonderfully, but there are still several boys in the High School who would make good football men, if they would come out to practice. All boys who can, should come out, for the team needs them, and they need the exercise.

JOKES

Mr. Jones: "Now then, Jack,

what's the next word? What comes after cheese?"

Jack Hearrell: "A mouse, sir."

Miss Loventhall: "Whom do the say supported the world on his shoulders?"

Eloise Rogers: "Atlas."

Miss Loventhall: "Now, if Atlas supported the world who supported Atlas?"

Eloise Rogers: "I suppose he married a rich wife."

Mr. Jones, in General Science: "When rain falls, does it ever rise again?"

Clifford Barmore: "Yes, Sir."

Mr. Jones: "When?"

Clifford: "Why, in dew-time."

Mr. Jones: "That will do Clifford, you can sit down."

Miss Loventhall was teaching a class in history and the subject was the end of the world. She asked: "What would you people do if you knew the end of the world was to come in ten days?"

Voice in the rear of the room: "Wait for it."

Miss Juanita Caldwell, daughter of Mr. and Mrs. C. C. Caldwell, has gone to Georgetown, where she will attend the Southwestern University the coming term. Miss Caldwell was in the graduating class of 1920 from the Cameron High School.

Miss Nadine Bragg, daughter of Mr. and Mrs. J. S. Bragg of Cameron is attending the Baylor University in Waco this term. She graduated from the Cameron High School.

ODD FELLOWS MEET TONIGHT

The Odd Fellows will hold their regular weekly meeting in the lodge room tonight. There will be conferred the initiatory degree on two candidates and the officers of the lodge have appealed to the membership to be present and assist in conferring the degrees.

Mrs. Sallie Tapp came in from Cleburne Tuesday and will return Thursday, accompanied by Mrs. Bates and Mrs. Frank Monroe.

INSPECTION SHOWS SANITATION HERE HAS BEEN IMPROVED

Inspection of Cameron, Texas

Cameron, Texas, Sept 24., 1920.
Mr. V. M. Ehlers,
State Sanitary Engineer,
Austin, Texas.

Dear Sir:

Unannounced an inspection of the city was begun early this forenoon, and is thought best to be related in its order of finding, and is summarized for conclusions.

Arriving in Cameron via Santa Fe, one is impressed with excellent passenger depot in white tile brick, with well kept grounds and general appearance of tidiness, a walk from the station up town to the court house and business district for a beginning point. Standing water was observed in the curbs to the southwest corner of the square. Here in the ends of the storm sewer very profuse breeding of Culex was observed, from thousands of rafts of eggs. The adult wigglers and pupae in profusion, seemingly undisturbed tracing these waters down their course to the south and east many thousands of wigglers were observed. In fact, liberal numbers as to be a source of nuisance to the business houses in and around that part of town.

Further down near the Santa Fe tracks, Anopheles and Culex were taken liberally. The water there being quite foul and offensive, which was caused by apple peels, water melon rinds and general curb sewerage found in small quantities along the street curb line from the beginning, within a block and a half from the courthouse. On this course hogs found on the outside wallowing in the nearby waters. Open back closets set in also at this point, several of which almost dump into the open sewerage stream in question, particularly near the laundry, with a very large hop, pen or bordering the open sewerage. Here the stream makes into an open branch, with no residences along its course, or in that part of town, making off into the open country, sewer worms were found liberally from the beginning of this sewer course.

Immediately in town just east from the courthouse is the bottling works, ice plant, round and square bale gins. The open storm sewer begins near the bottling works and is very foul and offensive, with liberal quantities of sewer worms working in the water all

along. The absence of wigglers was noticeable. This water makes off eastward, very much like the first mentioned stream with very few residences along its course, opening out into the country.

The two principal streets leading northward from the courthouse square into the best residential portion of town begin with fair drainage, rather level with a tendency to drain eastward. They are sprinkled daily, the splendid homes along these streets, with well kept yards, weeds and grass closely cut, the sidewalk grass and curb weeds kept closely mowed by the city, extend northward for most half a mile. We can offer nothing but quite favorable comment as a whole for the entire north part of town, and there should be no occasion for even a complaint from mosquitoes or unsanitation, unless a close inspection, of the premises would disclose something unobserved from the sidewalk.

To the west and northwest we find very pressing conditions in general. This part of town opening out into negro quarters on the outskirts of town, where no occasion for adverse reports were noticed, with the exception as in general, where poverty sets in, unkempt and untidy conditions is noticeable. Cisterns, rain barrels, wells and washerwomen's tubs likely produce mosquitoes even with inspection. Here we find an artificial pond of about half acre of water, partly dried up, but showing evidences of control. Anopheles wigglers were taken here, but in small numbers, we have suggested fish control here in lieu of oil.

Immediately west of the business district, sets in the negro and Mexican quarters. The S. A. & A. P. yards and depot for two or three blocks, the usual negro Mexican shanties are noticed. Dense growth of grass and weeds, the irregular streets, roads and trails to shacks and shanties, but general in very sanitary appearances as would termed in tenements or the poorer class and unskilled laborers.

To the southwest of the main part of town lies the Compress, gin and cotton yards, the Sap and Santa Fe freight stations, yards etc. Close inspection of the numerous water barrels on platforms (for fire protection) was made which disclosed 100 per cent co-operation with the city in its Mosquito-Malaria Campaign, from the Santa Fe depot making off the open sewer or branch draining that part

of town, the railroads and industrial plants where no evidence of mosquito propagation was observed, after diligent efforts. Gambusia were found and immediately below here in the open waters in large numbers with absolute control.

It has been suggested to the city that no oil be applied or permitted on this drain that the Gambusia may have absolute control.

Cameron as a whole is in splendid shape both as pertains to mosquitoes and general sanitation, and is to be complimented on the progress made along general sanitary lines and particular anti-mosquito work.

Suggestions tending to correct a few bad places, and conditions found, have been offered, and the assurance of Mayor Hearrell is that the City will and is glad to carry them out to a conclusion.

I have made many pleasant acquaintances among the City's administration, as well as the county officers, while here, and leave feeling that Cameron is and will continue to co-operate with the State liberally in its onward sweep for better health.

The topography, industrial importance and general index of Cameron I believe are to be had from former survey.

Your very truly,

Inspector.

Miss Mary Carlton has accepted a position with the Cameron Furniture Company.

Mr. and Mrs. Bob Davis with Mrs. Walter Baggett of Tracy were shopping in Cameron Tuesday.

The friends of Mr. R. L. Batte will be sorry to learn his arm is giving him much trouble at this writing.

Miss Gussie Castleberry with Clifford Blackburn of Rockdale were in Cameron Thursday en route to Austin.

LOUIS S. PIERCE IN CAMERON TODAY

Louis S. Pierce, of Navasota, owner of the Louis S. Pierce Dry Goods Store in Cameron is in the city for the week to superintend arrangements for the big sale, which is to start at 9 a. m. Friday.

Mr. Pierce also operates a large store in Navasota in addition to the Cameron business. He makes frequent trips to Cameron and to the East to purchase goods for his stores.

Mr. Pierce came over early last week to install a new manager for the local store.

Mr. C. W. Bradberry will be the manager of the store in the future, having taken charge last week.

J. F. Braun, who formerly managed the store has resigned the position and will assume new duties elsewhere in the near future.

Mr. Pierce declares that the market in dry goods will remain firm for a long time and that there will be no material reduction in retail prices, at least for some time. With the exception of Silks and Cotton Goods, there has been no reduction and there probably will be none in the immediate future.

The big sale at the Pierce store will last for 15 days and Mr. Pierce will be in the city part of that time.

HISTORY OF MENDENHALL'S NUMBER 40 FOR THE BLOOD

Forty years ago an old doctor, liver trouble. Under its use scrofulous swellings and bodily eruptions that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist, I named this medicine Number 40 For The Blood. J. C. Mendenhall, Evansville, Ind. 40 years a druggist. Frank Stacer, prominent farmer, Newburg, Ind., makes the following statement: "I suffered with rheumatism for several years. Tried numerous remedies with little or no benefit. Number 40 For The Blood was recommended to me and I improved from the time I began taking it. I have taken in all six bottles and feel that I am entirely well, as I have had no symptoms of the disease for two years."

have this young couple back with us.
Mr. Thomas is with the Louis S.
Pierce Co.

Miss Ethel Pool of Houston is
spending the week in Cameron in the
home of Mrs. Elbert Martin.

Editor of Herald,
Dear Sir:

We crave a little of your
valuable space to express our
appreciation of the action of
of a company of our citizens,
who, a few days ago voted
not to display the baseball
series on Sunday. We think
that is one of the finest things
that has been done in our town
for a long time. It is the
more notable because the game
is common on Sunday.

Now that we have made so
good a beginning in our inter-
est in the National Sport may
we not hope that there may be
a good enjoyment of what is in
itself a good clean game? As
the shame of gambling is be-
ing driven out higher up, let
us, as neighbors and friends
have none of the shame of it
among us.

Sheriff Milam County, Texas.
By D. B. Gunn, Deputy.
Cameron, Texas, October 2, 1920.

Miss Ann McClendon of Ben Arnold
spent last Friday with Mrs. Tom
Denson. Miss McClendon was elect-
ed as one of the Expression teachers
of Cameron High School. Sickness
prevented her starting out with the
others, but she will open her depart-
ment the second Monday in the
month.

HERALD EDITOR LOSES BEST FRIEND; FINE EN- GLISH TERRIER DOG KIL- LED IN AUTO CRASH

News reached the editor of
The Herald this morning from
his old home in Gonzales
county telling of the death of
Queen Sheba, fine English ter-
rier dog, which resulted from
injuries sustained when an
automobile struck and crush-
ed her. She lived only twenty
minutes.

She was a beautiful and in-
telligent pet, always sympa-
thetic and knew many tricks
and performed them when ask-
ed to do so. She could talk
and read newspapers in her
own way and was useful and
energetic about the home. No
rodents were permitted to live
where she roamed and it was
one of her proud duties to
keep the fowls from the gar-
den plots and to embarrass
the ice man when he came
too early in the morning.

Brief mention of this is
made for the benefit of those
who own dogs and know their
worth and value. They will
understand the feeling with
which we deplore the death of
this beautiful dog. Our dumb
animals too often pass by un-
heeded for after all they are
the one best friend to man.
Men may desert you but these
traits do not enter the com-
panionship of the dog and his
master.

LAW REQUIRING TAX FROM NEW VOTERS PASSED AT AUSTIN

LEGISLATURE GOES CONTRARY TO OPINION OF ATTORNEY GENERAL IN PASSAGE

Austin, Oct. 2.—The free conference committee report of the election bills was adopted today by both branches of the Texas Legislature with the two-thirds votes necessary to put it into immediate effect, as soon as the Governor signs the measure.

The conference committee report on the industrial bills proposing more stringent laws for dealing with industrial disputes was adopted in the House by a vote of 87 to 20, this being less than a two-thirds vote.

The election measure framed by the conference committee provides that the election laws be amended for the payment of poll tax to Oct. 22.

The industrial bill under consideration is along the general lines of the original bill submitted by the Governor, except that the provisions are extended to apply to labor disputes involving any common carrier in the State.

The Senate passed finally without amendments the Miller-Davis House bill providing for the appointment of a commission by the Governor to investigate circumstances pertaining to strikes, lockouts, wage demands, etc. The House bill proposing that commissioners courts be allowed to issue deficiency certificates to secure funds to carry out tick eradication work was also passed finally by the Senate.

The House late yesterday passed to engrossment by a vote of 65 to 20 the bill recommended by the Attorney General's department providing for the divorce of cotton gins from oil mills and packeries.

Final passage by both houses was given the election bill with sufficient vote to put same into effect immediately upon its being signed by the Governor tonight. It is the conference bill outlined in last night's dispatches and provides that both men and women shall pay poll tax of \$1.75 to vote in the November election this year. The usual exemptions are made as to electors who are aged and infirm. Absentee voting for men and women in primary elections is provided in the bill as is now permitted for men. The poll tax this year must be paid by Oct. 22 and collectors must furnish election boards with certified lists not later than Oct. 28.

Exemptions certificates are not required for men and women residing outside of cities of 10,000 population. After this year poll taxes must be paid by men and women before Feb. 1 of each year. The general election statutes are made to apply to men and women alike.

There was much discussion in both houses over the new bill and some opposition. The vote in the House was 96 to 13. In the Senate it was 18 to 3, whereas 21 affirmative votes are required to vitalize the enacting clause. A reconsideration was ordered and when the vote was taken a second time it stood 21 to 3 and thus the requisite number was obtained. Those who voted in the negative were Caldwell, Dudley and Rector.

Pope's Plan Defeated
In the House Mr. Pope wanted the

bill amended so as to eliminate the poll tax charge and permit men and women to vote this year without paying any fee or tax. He was defeated. He invoked the Attorney General's opinion to the Governor, declaring it positively held that a poll tax could not be imposed on women this year. He cited the conclusion of the opinion, which reads as follows:

"After a careful search of the Constitution and an examination of all of its provisions relating to the subject of poll tax, we conclude and so advise you that the Legislature has the power to impose a poll tax upon all persons, male and female, subject, however, to the provisions of Section 2 of Article 6 or the Constitution which requires the issuance of a poll tax receipt prior to the first day of February, next preceding such election; in other words, the Legislature which is now about to convene would not have the power to levy a poll tax upon women, which, under the Constitution would become a voting prerequisite in the coming November election, for the reason that the Constitution requires the payment of a poll tax, and the issuance of a receipt therefor, before the first day of February next preceding such election."

PUTS LEAGUE ISSUE ABOVE ALL OTHERS

DR. FRANK CRANE SAYS IT IS
THE GREATEST QUESTION IN
HISTORY OF MANKIND

New York, September 7.—"It is the most important issue in the history of the world, more important than any issue that has ever occurred in the history of mankind; compared with it all economic and industrial questions are small and all subjects of dispute between churches and creeds are insignificant." Thus does Mr. Frank Crane, writer of international repute, sum up the League of Nations.

Within the past ten years Dr. Crane has written no less than four hundred essays dealing with humanity and the things that directly affect the best interests of the people. He is a recognized authority on matters pertaining to public welfare and one of the most widely read editorial writers in the country.

In a recent issue of Current Opinion Dr. Crane answers many of the questions that have been raised by the opponents of the covenant in terms that are incontrovertible.

"Much has been made of the bugaboo that if we join the League American boys may have to be sent to Armenia, China or Africa to fight battles in which we have no concern," Dr. Crane says. "They may, it is true. But without the League four million American boys had to take up arms to fight in Europe. And without the League a similar crisis is likely to rise any day.

"Would it not be better," he continues, "to have a few Americans in an army to help police this world than to have the great body of American manhood called on any minute to help put out a universal conflagration?"

Against National Selfishness
"We talk of the Monroe Doctrine. We fear for our independence. We dread a Superstate that shall boss us. We denounce the League as plotting to sacrifice our nationality. Can't we stop to think about other nations? Don't we realize that every one of them is more jealous of its own national sovereignty than we are of ours? They have been trained for centuries in national pride. And if they are willing to give up a part of their independence, for the sake of the limitless advantages of co-operation, can not we?"

"Not even family life is possible without mutual concession, compromise and self-sacrifice, the life of the Human Family!"

"The League of Nations means progress, courage, humanity, opposition to it means reaction, cowardice and provincialism. Men who move heaven and earth to keep America out of the League are far worse enemies to the race than the Kaiser ever was."

"The League of Nations is not a far off question, one of politics, and diplomacy that does not concern you and me. It is of most vital, individual importance to every man, woman and

child in the United States.

It is the workingman, the poorer people, who suffer most from militarism, and would be most benefited by a League of Nations, which would relieve the world of its intolerable burden of destruction. It is they who fight in the armies, suffer death and wounds, it is they who eventually pay the taxes of war by their labor. Nobody profits by war except profiteers.

Only Partisans Oppose It.

"The League is favored by the great majority of thinkers, by philosophers, men in universities and churches, by the American Federation of Labor, by writers and by all who are concerned in public welfare. It is opposed by one class only—the partisan politicians and those influenced by them.

"The kind of feelings that prompt us to enter the League should be looked at and compared with the kind of feelings that oppose. The League is idealistic, its opposition materialistic. The League implies optimism, belief in humanity, confidence in the honor of other nations; its opposition implies distrust, suspicion, hostility. The League is in line with every noble, chivalrous, manly sentiment; its opposition is capricious, sneering, ungenerous. The League will promote race understanding; its opposites, race hates. The League spells co-operation as a world program; without the League there must be eternal cut-throat competition.

"The League of Nations moves with the great spiritual current of humanity. Every religion, except the fierce heathenisms of national propaganda, has dreamed of some sort of universal peace to stop war, the most monstrous curse of mankind. Christianity, Judaism, Buddhism, Confucianism, Bahaism, all have had dreams.

"If we do not join, what else can we do? Can we stay out, and remain forever isolated from the rest of the world? We have to do business with other nations some way. If they are all in a League, shall we stay, as a suspicious enemy, or an arrogant, egotistic stranger?"

These nations that have formed a League are our Allies. A little while ago we were fighting by their side for the salvation of the world. Are we going to stand by our pals, or go over to the other crowd?

Benefits of the League.

"If the United States heartily en-

ters the League, one of the very first results will be the decrease of national armaments. If there is to be no League then we must clump back to the Ald Order, every nation arming to the teeth, tax burdens increase and wars occur with the regularity of hell's clock strokes.

"And, if we succeed in our noble experiment," states Dr. Crane, "if we establish a League of Nations, and if we disarm, think of what we can do with the enormous surplus of wealth which the race is constantly piling up in powder! What enormous public works we can undertake! What magnificent programs of education we can set forward among the earth's backward populations! What highways and bridges, what parks and pleasures, what universities and temples, what vast commercial enterprises, what grandiose works for the betterment of mankind! Think of the staggering loads of treasures we must pour out in the next few years to pay the debts of the last world war, and shall we take no steps to prevent another?"

"Does it mean nothing to you, business man, that gigantic taxes may be enforced on you to keep up a huge army and navy? Does it mean nothing to you, workingman, that you may be used as a pawn in the next game of bloody international chess? If we cannot stop war, industry will always be subject to periodic destruction.

"If you are going to oppose the League, you must propose some other way to stop war.

It is vastly more needful that some sort of League be formed any sort, than that it be formed perfectly. This is a new step for the nations; we must expect imperfections. All beginnings are difficult. But it is of such overwhelming importance to mankind that we ought to be very patient."

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County,—Greeting:

You are hereby commanded to summon Pearl Colbert by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 8th day of November, 1920, the same being the 2nd Monday in Nov., 1920 then and there to answer a petition filed in said court on the 2nd day of October, 1920, in a suit numbered on the docket of said court No. 8284, wherein Allie Colbert is plaintiff and Pearl Colbert is defendant, said petition alleging: Statutory grounds of three years' abandonment.

Herein fail not, but have before said court on the first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this 2nd day of October, A. D., 1920.

Clerk of the District Court, Milam County, Texas.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.

Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change there was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take

Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Normal Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other in-

gredients, a large bottle, at little cost, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

COTTON GAMBLE COST GROWERS MILLION

Austin, Texas, Oct. 6.—D. E. Lyday, vice president and general manager of the American Cotton Association, and F. C. Weinert, Commissioner of the Market and Warehouse Department, gave out the following joint statement:

"We do not believe in taking any radical step or promoting any radical action on the part of any citizen of this state or anywhere else, but owing to the action of a bunch of gamblers operating through the Cotton Exchange of the country, conditions have been brought about that are distressing indeed.

"We have approximately \$1,000,000,000 of the South's wealth swept away within the last sixty days, due largely to these gambling transactions. We have today wired the president of the New Orleans Cotton Exchange the following telegram, which is self-explanatory:

Text of Telegram

"The action of cotton traders in forcing the price of cotton down \$100 per bale in the last ninety days through selling millions of bales they never intend to deliver, is bitterly resented by our people. Farmers everywhere are preparing to abandon fields of cotton of the best grade and staple in recent years. Traders gambling in futures on your exchange should prepare to pick the cotton they are selling.

"Our Southern farmers have lost \$1,000,000,000 through these illegitimate transactions, and are prepared to dispense with cotton exchanges in the future. It is generally believed this experience will wipe off the map the opportunity to destroy the business of a nation through gambling conspiracies."

People Should Call Halt.

"What is said in this telegram to the president of the New Orleans Exchange applies with force to the other exchanges operating in this country and in Europe. We think it is time for the people to call a halt. It is time that some united action was begun on the part of the producers of this country to organize themselves closely to be able to accomplish the

results that are so necessary to bring about immediate legislation for our immediate relief.

"If the farmers of the South were organized as they should be organized no such gambling transactions would have ever been heard of as we have witnessed in the last sixty days.

"We have expected a normal decline in the price of cotton, but have not expected any such decline as has taken place by reasons of a combination of gamblers selling the future market to death, thereby depressing the spot market to that point that the farmers of this state cannot afford to go to the expense of picking and ginning the amount of cotton left."

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating too Much Meat

When you wake up with backache and dull misery in the kidney regions it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the bod's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediments, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithit, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Fordson Farm Tractor

There are many Tractors clamoring for the patronage of the farmer. The very air is charged with the noise of claims. One would think that all the farmer had to do was to buy a Tractor and he would enter into the Millennium.

Well, consider this fact—there are a great many different makes of tractors. Tractors have been on the American market for twenty years. In that time some three hundred thousand Tractors have been sold to the farmers in the United States. The Fordson Tractor has only been on the market two years, and in that time more than one hundred thousand Fordson Tractors have been sold to the farmers of the United States.

Two and two make four. Two and two will always make four. If the Fordson Tractor had not delivered more good work, more satisfactory work, than any other farm Tractor, it would not have sold in the ratio of anywhere from five and more to one. "The proof of the pudding is in the eating." The proof of the superior merits of the Fordson Tractor is in its larger sale and use.

The Fordson Tractor then asks you to buy it because of what it has done for your neighbors. It asks you to buy it on its merits. It asks you to buy it, Mr. Farmer, because you have use for it every day in the year. All the uses for the Fordson Tractor have not yet been uncovered because new places where machine power can take the place of human power, where machine power can supplant horse and mule-power, are being found every week, and wherever such discovery occurs, the Fordson Tractor will fill the bill more satisfactorily than any other form of power.

The Fordson is simple in design, and it is very strongly made of the highest quality of iron and steel. It is the product of the greatest mechanical genius the world has ever known, and it is most economical in first cost and after expense. The Fordson Tractor on your farm will increase the value of every foot of ground in that farm. It will put more dollars and cents into every hour you put into the farm.

Now why not have a Fordson right away? Take up the subject with us. Come in and get the details, and all the particulars. It is only a matter of time until you buy a farm Tractor—that is sure. So don't put it off when it means money to you to act promptly.

THE WORLD AWAITS VERDICT ON LEAGUE SAYS PRESIDENT

HAS SPENT LIFE IN FIGHTING
FOR WORLD SECURITY.—
MUST REDEEM SACRI-
FICES OF THOSE WHO
DIED FOR CAUSE

Washington, Oct. 3.—President Wilson in his first campaign appeal to-night, made directly to the people, urged the indorsement of the League of Nations issue at the election and declared "the whole world will wait for your verdict in November as it would wait for an intimation of what its future is to be."

The President characterized as "absolutely false" assertions that Art. 10 of the league covenant would make it possible for other nations to lead the United States into war. There was nothing in the covenant, he said "which in the least interferes with or impairs the right of Congress to declare war or not declare war, according to its own independent judgment, as our Constitution provides."

People "Grossly Misled." "My fellow-countrymen" was the President's method of addressing his communication to the people. It contained no mention of presidential candidates by name, but was confined to a brief defense of Art. 10, and a criticism of those who he declared had "grossly misled" the people with regard to the treaty.

The President said that those who had spent their lives, as he had, "in familiarizing themselves with the history and traditions and policies of the Nation must stand amazed at the gross ignorance and impudent audacity which has led them to attempt to invent an 'Americanism' which has no foundation whatever in any of the authentic traditions of the Government."

The text of the appeal follows: "My Fellow-countrymen:

"The issues of the present campaign are of such tremendous importance and of such far-reaching significance for the influence of the country and the development of its future relations, and I have necessarily had so much to do with their development, that I am sure you will think it natural and proper that I should address to you a few words concerning them. Every one who sincerely believe in government by the people must rejoice at the turn affairs have taken in regard to this campaign. This election is to be a genuine national referendum. The determination of a great policy upon which the influence and authority of the United States in the world must depend is not to be left to groups of politicians of either party, but is to be referred to the people themselves for a sovereignty mandate to their representatives. They are to instruct their own Government what they wish done.

Amazed at Ignorance
"The chief question that is put to you is, of course, this: Do you want your country's honor vindicated and the treaty of Versailles ratified? Do you in particular approve of the League of Nations as organized and empowered in that treaty? And do

you wish to see the United States play its responsible part in it? You have been grossly misled with regard to the proposed character of the League of Nations, by those who have assumed the serious responsibility of opposing it. They have gone so far that those who have spent their lives as I have spent my life, in familiarizing themselves with the history and traditions and policies of the Nation, must stand amazed at the gross ignorance and impudent audacity which has led them to attempt to invent an 'Americanism' of their own, which has no foundation whatever in any of the authentic traditions of the Government."

"Americanism as they conceive it reverses the whole process of the last few tragical years. It would substitute America for Prussia in the policy of isolation and defiant segregation. Their conception of the dignity of the Nation and its interest is that we should stand apart and watch for opportunities to advance our interests, involve ourselves in no responsibility for the maintenance of the rights in the world or for the continued vindication of any part of the things for which we entered the war to fight.

"The conception of the great creators of the Government was absolutely opposite to this. They thought of America as the light of the world, as created to lead the world in the assertion of the rights of peoples and the rights of free nations; is destined to set a responsible example to all the world of what free government is and can do for the maintenance of right standards, both national and international. This light the opponents of the league would quench. They would relegate the United States to a subordinate role in the affairs of the world.

Rights Unimpaired
"Why should we be afraid of responsibilities which we are qualified to sustain, and which the whole of our history has constituted as promise to the world we would sustain? This is the most momentous issue that has ever been presented to the people of the United States, and I do not doubt that the hope of the world will be verified by an absolute assertion by the voters of the country of the determination of the United States to live up to all the great expectations

which they created by entering the war and enabling the other nations of the world to bring to a victorious conclusion, to the confusion of Prussianism and everything that arises out of Prussianism. Surely we shall not fail to keep the promise sealed in the death and sacrifice of our incomparable soldiers, sailors and marines who await our verdict beneath the sod of France.

"Those who do not care to tell you the truth about the League of Nations tell you that Art. 10 of the covenant of the league would make it possible for other nations to lead us into war, whether we willed it by our own independent judgment or not. This is absolutely false. There is nothing in the covenant which in the least interferes with or impairs the right of Congress to declare war or not declare war according to its own independent judgment, as our Constitution provides. Those who drew the covenant of the league were careful that it should contain nothing which interfered with or impaired the constitutional arrangements of any of the great nations which are to constitute its members. They would have

been amazed and indignant at the things that are now being ignorantly said about this great and sincere document.

"The whole world will wait for your verdict in November as it would wait for an intimation of what its future is to be."

AMERICAN PARTY NOMINEES CERTIFIED

Austin, Oct. 2.—Nominees of the American party have already been notified by the Secretary of State C. D. Mims, according to an announcement made by him Friday, and he considers the temporary injunction granted by District Judge Ireland Graves to restrain him from making such certifications as coming too late.

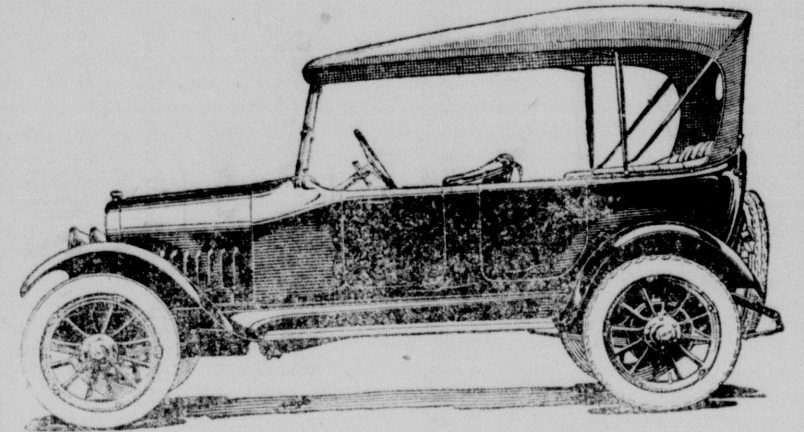

Austin, Tex., Oct. 6.—A temporary injunction restraining the secretary of state from certifying the names of any American party candidates for public office for a place on the official ticket of the November election was granted late today by District Judge Ireland Graves.

Governor James E. Ferguson, foun-

der of the American party and its candidate for president, stated last night that he knew nothing of the matter above referred to and was unable to express an opinion until he had all

the facts. However, he stated, that any attempt to deprive the American party of a place on the official ballot in the November election would be fought to the last ditch.

FIRST NATIONAL BANK NEARING COMPLETION

The new \$75,000 edifice of the First National Bank in Cameron is nearing completion. The outside is practically finished and the steam pipes are being fitted on the inside.

The bank will have one of the best burglar-proof vaults in the state. The vault contains over forty tons of steel. A circular door will guard the entrance to the main vault. The entire basement will be the vault for

other valuable papers and bonds.

The interior will be the prettiest in the South. The lobby will be twice the size of the original. The clerks are looking forward to the time when they will be able to work in the new building.

The outside is finished in ornamental brick and rock. The cornice is especially beautiful. Adjoining the new building is the building of the Daugherty Motor Co. for their garage. This garage will also be well equipped. Both buildings will be steam heated.

EVER BILIOUS?

Charleston, Miss.—Mrs. R. V. Heins, of this place, says: "I have never had to use very much medicine, because if I felt headache, dizziness, or colds, bad taste in the mouth, which comes from torpid liver, I would take a dose or more of Black-Draught, and it would straighten me out and make me feel as good as new. We have used in our family for years

THEDFORD'S

BLACK-DRAUGHT

and it certainly is the best liver medicine I ever saw. It has not only saved me money, it has helped keep my system in shape, and has never weakened me as so many physics do. I recommend it to my friends and am glad to do so." Black-Draught is the old, reliable liver medicine which you have doubtless heard much about. When you feel badly all over, stomach not right, bad taste in your mouth, bilious, or have a headache, try Thedford's Black-Draught. At all Druggists.

BAPTIST MISSIONARY

All the circles of this society met in business session at the church Monday afternoon. Election of officers for the coming year resulted thus: Mrs. Voss Harlan, President; Mrs. Taddick, Vice-President; Mrs. Brewer, Secretary and Treasurer.

There was a good attendance and an interesting plan of work mapped out for the coming year.

METHODIST MISSIONARY

This being the end of the quarter these ladies had their quarterly business session. The executive committee met and made report that every thing was paid in full.

Devotional exercises were conducted by Mrs. Plaster and a solo by Mrs. C. D. Lay.

WARD-TABER

The Ward-Taber Wedding will be of interest to Cameron people. The following is taken from the Austin American:

On Wednesday evening, September 29, Miss Edith Taber of Austin became the bride of John Ward, at the First Baptist Church at six o'clock.

The church, with its decorations, formed an artistic setting for the bridal ceremony.

At the altar and lining the chancel rail were massed tall palms and ferns interspersed with large baskets of chrysanthemums placed on white pedestals, carrying out the bridal colors of white and green.

Before the ceremony a short program of music was rendered with Mrs. C. A. Mathews at the pipe organ.

Lester Brenziner sang "Beloved It is Morn," by Alyward and Mrs. Mathews. "Prelude from Lohengrin."

The bridal party entered the church to the strains of Lohengrin's wedding march.

First came the two ushers, Jack Adams of Cameron and J. N. Sanders of Austin, while up the opposite aisle came the bride's attendants in the following order:

Bridesmaids—Miss Bertha Ward, sister of the groom, and Miss Mamie Lee Taber, sister of the bride; Miss Arnette Taber, maid of honor.

Then came the bride on the arm of her father, A. W. Taber, who gave her in marriage.

The bride was dressed in a tailored suit of midnight blue tulle, with which was worn a blouse of dark blue Georgette with trimmings of silk embroideries and iridescent beads.

The modish hat was of dark blue panne velvet with roll brim and trimmings of metallic embroidery.

Long white kid gloves with clasps of pearl and a shower bouquet of white chrysanthemums with streamers of white tulle completed the costume.

The gloves, shoes and other accessories of the going-away costume were all in soft tones of brown, and her dark blue veil was hand-embroidered in a pleasing brown shade to match the modish fur neck piece.

The maid of honor, Miss Arnette Taber, was gowned in navy blue taffeta, with short sleeve-fitted bodice embellished with Japanese lace.

The skirt was in triple effect with scalloped edges, with hand-made trimmings in color de rose with touches of blue.

With this was worn black satin pumps and lace hose and a large picture hat of panne velvet and taffeta with streamers of rose and silver ribbon.

Miss Taber carried a shower bouquet of orchid chrysanthemums with orchid ribbon streamers.

The two bridesmaids were dressed alike in navy blue taffeta, with fitted bodice, high rolling collar and very short sleeves, draped skirt in bouffant effect and with scalloped edge, the only touch of color being the vest of rare embroidery of the bodice front.

Both bridesmaids wore black satin pumps and lace hose, large picture hats of panne velvet and taffeta with rose and silver streamers, and carried arm bouquets of orchid chrysanthemums tied with orchid satin ribbon streamers.

The groom, accompanied by his best man, Will Ward of Dallas, met his bride at the altar, where Dr. W. A. Hamlett, pastor of the First Baptist Church of Austin, performed the marriage rites, using the impressive ring ceremony.

Mendelssohn's wedding march was played as a recessional while during the ceremony. Mrs. Matthews played

very softly, "Call Me Thine Own."

Immediately after the ceremony the wedding party was tendered a reception at the home of the bride's parents, 504 W. Tenth Street.

Here a color scheme of pink and green was carried out by means of pink rosebuds and ferns and festoons of pale green tulle.

The dining table with its cover of chunly lace and decorations of rosebuds and ferns, with rose colored candles in Oliver candelabra made an effective setting for the bride's cake, which, when cut, yielded up its treasures as follows:

Miss Mamie Lee Taber, wishbone; Mrs. Roy Carpenter, button; John Newton, thimble; Lawrence Taber, heart.

Fruit punch was served throughout the evening by Miss Louise Adams, cousin of the bride, assisted by Miss Bertha Ward, Miss Arnette Taber and Miss Mamie Lee Taber.

Among the out-of-town guests in Austin for the wedding were the following:

P. O. Adams, Cameron; Miss Louise Adams, Cameron; T. F. Hardy, Cameron; Will Ward, Dallas; Mr. and Mrs. Hubert Hefley of Cameron.

Miss Edith Taber is the daughter of Mr. and Mrs. A. W. Taber of 504 W. Tenth Street, and has lived in Austin since 1916, having lived formerly in Cameron, Texas, where she graduated from the Cameron High School.

Miss Taber has held a responsible position in the Texas State Capitol for more than three years.

Mr. John Ward is the son of City Commissioner J. S. Ward and Mrs. Ward of 104 West 18th Street, and has lived in Austin practically all his life, attended the Austin public schools and is a graduate of the Austin High School.

During the world war, Mr. Ward was stationed first at Kelly Field, San Antonio, later attending the officers' training camp at Waco, Texas, where he lacked only two weeks of receiving his commission as lieutenant when the war closed.

Mr. Ward holds a responsible position with the John L. Martin Company.

Mr. and Mrs. Ward were the recipients of many handsome bridal presents.

Two large rooms of the bride's home were filled with handsome gifts.

Mr. and Mrs. Ward left Austin immediately after the reception for a short wedding trip to San Antonio, after which they will be at home in the Anthony Apartments at 2207 Nueces Street.

K. OF P. BANQUET

The Supreme Lodge of Knights of Pythias celebrated its thirtieth anniversary Monday night at 8:30. Messrs. Jeff Kemp and C. D. Lay were hosts at this splendid banquet as they were the only two remaining charter members.

There was a large crowd present, with nineteen past chancellors Commanders present and with Mr. W. A. Triggs as master of ceremonies, each of these nineteen made appropriate speeches.

After this Messrs. Kemp and Lay invited their guests to the Newport Cafe and seated around appropriately set tables a delicious oyster supper was served.

Here Judge Graham Gillis made a splendid talk.

TROUSSEAU PARTY GIVEN**BY BRIDE-TO-BE**

Miss Edith Taber, daughter of Mr. and Mrs. A. W. Taber, who is to become the bride of John Ward of Austin, on this Wednesday evening, entertained at her home, 504 West Tenth Street Monday afternoon from 4 to 6 o'clock with a "trousseau" party.

A great number of friends came to view the trousseau and bridal gifts, which consist of everything in silver, cut glass, pyrex and aluminum-ware; rare pottery, chinaware, candelabra, tea sets, linens, laces, towels, embroideries, hand-woven baskets and personal gifts too numerous to mention.

A color scheme of pink and green was carried out throughout the entire decorations.

This was carried out in the living room by means of pink Antigon and ferns and in the room containing the trousseau by pink rose buds, etc.

The draperies of the room and the hand-made articles in delicate tones of pink also enhanced the decorative effect.

One of the present, a gift from the

groom, was an imported robe from Panama, in which the colors were delicately blended, and made with flowers of hand embroidery, and a girdle of unique design.

The guest book, which was hand-painted by Mrs. Roy Carpenter, was a gift of the bride-elect's mother, Mrs. A. W. Taber and was presided over by Mrs. Carpenter.

Fruit punch was served throughout the evening by Miss Mamie Lee Taber and Miss Angie Prewitt.

Miss Taber was assisted by Miss Bertha Ward throughout the evening in receiving and entertaining the numerous guests.

RALLY DAY EXERCISES

Last Sunday morning the interior of the Presbyterian church was transformed by the magic hand Mrs. R. D. Brown into an early Autumn landscape, with ferns, goldenrod and large bowls of golden cosmos.

It was a wonderful program. The subject was "Outside the Fold," or more properly speaking, "The Good Shepherd."

All departments of the Sunday School took part from the Cradle Roll through the Seniors.

Some of the young teachers brought out their classes in a most creditable and inspiring way.

Just before the close Mrs. Giles Avriett, who is a fine story teller, gave in a most charming way, the story of the Good Shepherd. This was followed by a solo, "Ninety and Nine" by Miss Owen Bacon.

HISTORY CLUB

Two years or more ago this Club disbanded on account of the World War and the urgent demand upon the ladies for Red Cross work.

Last Thursday afternoon almost the entire personnel of the old organization met with Miss Winnie Henderson and reorganized.

Miss Winnie Henderson was made President; Vice-President, Mrs. W. O. Triggs; Secretary, Miss Miss Lillie Mag Jeter; Treasurer, Mrs. C. D. Lay.

Numerous topic for study were discussed, but the most favored one was Current History.

A committee was appointed to decide, make out year books, etc. They were Mrs. Graham Gillis, as Chairman; Mesdames T. S. Henderson, Sr., Tom Denson and Katie Robbins.

The Club decided to meet on their old days—the second and fourth Tuesdays of each month. The next meeting will be with Mrs. Ben Atkinson.

After the business session, Miss Winnie, assisted by Mrs. T. S. Henderson, Misses Ada and Mary Lake Henderson, served a delicious salad course, consisting of asparagus salad, pear salad, crackers and hot tea.

STEDMAN-STILES

Last Thursday night at eight o'clock in Taylor at the home of the bride's parents, Mr. and Mrs. A. W. Stiles, Miss Beulah Stiles and Mr. Hilry H. Stedman of Cameron were united in marriage. Rev. Ira Key, pastor of the Methodist church of Cameron, accompanied the groom and performed the ceremony which made the twain one.

It was a very quiet home wedding with only relatives and a very few intimate friends present.

The bride is well remembered here by the young people, having worked at the Citizens National Bank for a year, and won for herself many friends.

Mr. Hilry Stedman needs no introduction, as he was born and reared here, and has been climbing up the ladder of success steadily all the while, and is now one of the proprietors of the Palace of Sweets.

The young couple motored to Cameron Thursday evening and are now at the Auditorium Hotel.

Those attending the marriage from Cameron were: Mr. and Mrs. Tom Moore, Mr. and Mrs. Charles McDermott, Misses Cill and Minnie Stedman.

The Cameron Herald and a host of other friends wish for them much happiness and success.

WOMAN'S AUXILIARY

Monday afternoon the ladies of the Presbyterian church held their regular monthly business session and Bible study.

The lesson for the afternoon was Psalms 73 to 90 inclusive. Mrs. McFadyen was leader and conducted a very interesting lesson.

A solo by Mrs. Jeff Avera was very much enjoyed.

Cox Sends Message to Texans; Says Must Vote to End Wars

The message to the people of Texas which Governor James M. Cox, Democratic Presidential nominee, gave to The Star-Telegram Friday on board his special train between El Reno and Oklahoma City, follows:

"I am delighted at the opportunity afforded me by The Star-Telegram to extend a message to the people of Texas. I regret very much indeed that the limitations of time and demands upon me will not permit me to visit every state of the Nation. We are now completing a tour of approximately 11,000 miles, in which we have visited every Western State, carrying the gospel of peace as opposed to war, and of progress against reaction. We have found the people eager to be relieved of the uncertainty which has been deliberately cast around the greatest issue this country has ever had in any campaign. Not only do they welcome the information which we are seeking to give them, but we find an absolute resentment at the Senatorial oligarchy and its representatives, which has endeavored to deceive the public in its resentment against the President of the United States.

"A year and a half ago, everybody, regardless of politics, was for the League of Nations. It was only when a Presidential campaign approached designing politicians in the United States Senate sought to deprive President Wilson of his share of credit in the achievement of world peace thru the League of Nations. They have endeavored to show that the President was trying to force down the throat of the Senate the instrument from Paris, without reservation and without change and yet I have in my possession a letter which I am showing to American audiences, in which the President states very definitely that he has 'read' the Hitchcock reservations and is glad to say that he can accept them without change, and the Hitchcock reservations were written to meet every objection which has been raised from any source, to glorify

the meaning of the covenant and to reassure the American people, while, at the same time, stating to our Allies and associates in the League what the limitations of our treaty-making power were.

"History will write of this conspiracy of the Senatorial oligarchy as the blackest chapter in the record of our country. They have held up the civilization of the world by the heels. They have prevented the readjustment of the industrial affairs of their own country in order that selfish partisanship might be advanced, their motto seeming to have been, 'After the deluge, I am glad to say to my friends in Texas that, fortunately, the conspiracy and deep laid plot has been discovered in time and that the American people are giving their eyes opened. We entered the war as Americans and patriots. We gave our soldiers to fight this war that the war of the Senatorial oligarchy as the might be ended for all time. Our soldiers fought and died as patriots. It must be our purpose to keep our pledge to their families and to them. As they shot to end war, we must vote to end war."

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c. Made and recommended to the public by Paris Medicine Co., St. Louis, Mo., manufacturers of Grove's Tasteless Chill Tonic.

THOMASON URGES SCHOOL AMENDMENT

SPEAKER OF HOUSE MAKES APPEAL IN BEHALF OF RURAL POPULATION

Austin, Texas, Oct. 2.—"No more important campaign for the welfare of the people residing in the rural districts of Texas was ever undertaken in this State," declared Speaker R. E. Thomason of El Paso, referring to the proposed educational amendment to the State Constitution to be voted on Nov. 2, next.

"School legislation, since the first law was enacted in 1876 by the 13th Legislature," Mr. Thomason said, has been of so haphazard a nature that a most unjust and unexpected condition is the result. To put the matter bluntly, we have, during the past forty-four hours, unwittingly to be sure, but nevertheless effectively, garbled the Constitution of the State of Texas to the extent that special privileges are now accorded the residents of large cities incorporated under the general laws, that are positively forbidden the residents of small towns and rural districts.

"Here in Austin, for instance, a free citizenry can go to the poles and decide upon what they consider a tax sufficient to furnish their children educational opportunities and responsibilities that are bound to be theirs in our present fierce, post war struggles for the survival of the fittest.

Appeal for Rural Child

"But it is left to the citizens or rural communities to decide for themselves what advantages are necessary for their children, whose struggles in life will be equally great? No; the laws steps in with, 'thus far and no farther,' for the country child.

"We are continually bawling the influx of country people to the already overcrowded towns and cities," Mr. Thomason continued, "Can you imagine a better reason for a self-respecting, ambitious family leaving the

rural districts, than for them to encounter — whenever they dream of longer terms, better teachers, better school houses, a fighting chance for the children—a hated verboten sign staring them in the face from over the doorway of their dilapidated little school house?

"I cannot conceive of the amend-

ment failing," Mr. Thomason concluded, "when the voters become acquainted with the true facts, and realize that its adoption will result simply in adjusting our school laws to conform with the principle of our Government for which men have fought and died, 'Equal rights to all and special privileges to none.'"

There's A
Reason

—NO REDUCTION IN PRICE OF—

OAKLAND

S E N S I B L E S I X

At this time when the public mind is disturbed by sensation-ally announced price reductions of automobiles and other merchandise and commodities, we desire to give assurance to those who require Personal Passenger Transportation, such as provided by the Oakland Sensible Six, that we do not anticipate reducing the price of our cars.

Starting with the production of the raw material required and continuing through to the finished product, over 80 per cent of an Oakland Sensible Six is labor.

Over 80 per cent of the cost of all other automobiles produced in large quantities is labor.

When wages paid to labor are reduced, or when labor produces more per man, then may manufacturers of honestly priced automobiles legitimately consider the reduction of their selling prices.

We have not heard of any instance where automobile workers are receiving lower wages.

If wages may be lowered eventually we see no immediate trend in that direction.

In the production of so essential a factor in our economic life

as the passenger automobile—increasing as it does the personal efficiency of owners by nearly 57 per cent—we believe the workers whose toil produces the vehicle should be large beneficiaries of the constructive character of their work.

If abnormal demand has been responsible for over-enthusiastic expansion and inflated profits in certain instances, the wage earner should not be made to suffer as he must if powerful forces effect lower automobile prices whether or no.

True enough, there have been many instances of inflated prices. There has been profiteering. And true enough, abnormal profits must be eliminated.

And that is what has been going on all around you recently—the price reductions you have witnessed in automobiles and other merchandise are the belated shaking out of the abnormal profits. The normal profits are still there.

Manufacturers whose goods have been prized on actual cost to produce, plus normal profit, have no inflated figures with which to appeal to the uninformed public in sensational announcements of "Price Reductions." Prudent, studious buyers will not be misguided by erroneous principles.

Oakland Price Advance in Five Years, Due to Increased Cost of Labor and Material, Only 27.4 Per Cent

In 1915 Model 32 Oakland Sensible Six was put on the market at \$795 f. o. b. factory.

Since 1915 the wheelbase of the Sensible Six has been lengthened five inches, its weight increased about four hundred pounds, its horsepower materially increased, its frame made deeper, and in many other ways the car has been enlarged, strengthened, improved and refined.

If the present Model 34-C had been built in 1915, it is more than conservative to say that, based on labor and material costs at that time, we would have been compelled to list it to sell at \$1095, or more, f. o. b. factory.

We are therefore able to say, also with great conservatism, that the present price of Model 34-C represents an increase, due solely to increased costs of labor and material, of 27.4 per cent. Larger production each year has kept this increase at a low figure.

Compare this increase with the increase of other automobiles and with commodities—with the things you buy every day.

Nowhere have we been able to find a standard article of merchandise that has increased as little in selling price as the price of the Oakland Sensible Six.

In the event of unexpected Reductions in the cost of labor and material that enter into the construction of the Oakland Sensible Six to a point where we may properly and legitimately reduce the list price of our cars between October 1st, 1920, and May 1st, 1921, we will refund to every Oakland purchaser who buys within the above mentioned period of time the amount of such reduction.

Interest In Oil Is Now Increasing Near Rockdale

Rockdale, Tex., Oct. 4.—Interest in the Rockdale oil field was considerably enhanced last week by the announcement made by the Oklahoma-Texas Petroleum Products Company that they had struck a splendid showing of oil bearing sand at around 450 feet on the Guy Cook farm five miles southeast of this city. The sand was struck just after penetrating strata of lime rock and extra heavy gumbo. The sand is characterized as the "livest" oil sand yet found hereabouts and the quality of the oil shows a preponderance of "lub."

Work on the well has been suspended pending the receipt of proper casing which will be set and the well drilled in. The head driller is of the opinion that he will be able to bring in a 50 barrel well within the next thirty or forty feet. Officials of the company who came here this week were J. Hales of Fort Worth, secretary and general manager; L. S. Shumate, vice president of Reed Springs, Mo., and G. W. Hendicks, vice president and auditor of Houston.

SAINT PAUL MAN GAINS 20 POUNDS

Carlson Also Gets Rid of Thirty-Five Years' Trouble With Rheumatism

"By taking Tanlac I have gained twenty pounds and gotten rid of rheumatism that had troubled me for thirty-five years," said J. W. Carlson of 96 Phelan Creek Street, St. Paul, Minn.

"I am now sixty years old," he continued, "and had suffered ever since I was a young man of twenty-five. During that time I had the very best of treatment and tried many different kinds of medicine, but got no permanent relief until I found Tanlac. I was in such bad shape last year that I was laid up for three months. I also had stomach trouble so bad that everything I ate caused me to bloat with gas and suffer for hours afterwards, often I had raging headaches, and was so nervous I could never get much sleep. Finally I gave up en-

tirely and never expected to be any better, but I began taking Tanlac and the way it knocked that rheumatism out was simply wonderful, and I haven't a sign of it left.

"My stomach trouble, too, has left me entirely. I eat three big meals every day, for I am hungry all the time and never have the least bit of indigestion. My strength has come back and it beats the world the way I am gaining in weight. I never felt better in every way in my life and it gives me pleasure to recommend Tanlac, for it will do just what they say it will."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

BUCKHOLTS NEWS

By Audrey Criswell

BLACK-HITT

As a distinct surprise to their many friends came the announcement of the marriage last week of Miss Aubyn Hitt, eldest daughter of Mr. and Mrs. M. N. Hitt, prominent residents of this place, to Mr. Archie Black of Jones Prairie.

The wedding was the culmination of a romance which began early last year while Miss Hitt was teaching in the Jones Prairie school. At the time of her marriage Miss Hitt was a faculty member of the Baird High School. The board of trustees were very reluctant to accept her resignation as she has made a very decided success as a teacher.

Miss Hitt has resided here since she was a small child and has many warm friends at this place. She was graduated from the Buckholts High School with the 1916 class. During 1917 and 1918 she attended the Southwest Texas Normal at San Marcos. She is a young lady of culture and refinement and by her modest and winsome ways she has always made friends wherever she went. She was very popular in the town's social circles and has always taken active part in all church affairs. Mr. Black has indeed won a true woman of splendid worth for a life mate.

Mr. Black is a progressive farmer of the Jones Prairie community and comes from one of the first families of that place. While he is not very intimately known here and he has made many friends while here to visit friends.

Mr. and Mrs. Black have the hearty good wishes of a host of friends for a long, happy, prosperous life.

MRS. ELMER MAULDIN LEWIS

A deep shadow of gloom was cast over this community when it was learned that Mrs. Elmer Mauldin Lewis had died at her home in Texarkana. After a lingering illness, death came Wednesday, September 29, at 12:30 p. m. Although friends and relatives had no hopes for her recovery it makes the departure of this noble woman none the less sad. She was laid to rest Friday afternoon in the Bryant Station cemetery beside her beloved mother who preceded her in death three years ago.

The funeral services were held by Rev. Lockhart. Many beautiful floral offerings were sent from various parts of the State, thus attesting the esteem in which Mrs. Lewis was held.

Mrs. Elmer Mauldin Lewis was born December 15, 1893. She was born and reared in the Bryant Station community. In 1913, during the pastorate of Rev. B. B. Crimm she united with the Baptist church at this place and has since lived a true, Christian life. In 1914 she was married to Mr. Howard S. Lewis, then of this place, and to them was born one son, Howard, Junior. She was very kind, gentle, and unselfish, always thinking of others' welfare before her own. There is a void in the hearts of many that can never be filled now that she has gone. It seems hard to reconcile ourselves to her being taken away just in the bloom of young woman and motherhood, but God in his infinite wisdom knows best and we are comforted by the knowledge that she is at rest with HIM.

She is survived by a devoted husband, a small son, a father, three sisters and three brothers.

The bereaved ones have the heartfelt sympathy of the entire community in their sad bereavement.

Mrs. T. P. Allen and daughters of Rogers were here Friday.

Mr. D. S. Rogers was in Temple last Thursday.

Mr. Grady Slone left last week for Waco, where he will attend Baylor University this year.

Mrs. Bettye Whites left last week for her home in San Antonio after an extended visit to her mother. Mrs. Smith and other relatives at this place.

Mr. and Mrs. L. T. Lewis of Cameron were here Friday to attend the funeral of their sister-in-law, Mrs. Elmer Lewis.

Misses Naomi and Audrey Criswell were shopping in Temple Thursday.

Judge T. V. Adams was a business visitor to Cameron Tuesday.

Mr. Joe Slovacek was in Dallas last week to attend to business matters.

Mr. and Mrs. Tom Allen and children and Mr. and Mrs. Crockett Allen spent the past week end in Temple visiting relatives.

Announcements have been received of the birth of twin boys to Mr. and Mrs. Jeff Reeder, formerly of this place, but now residing at San Antonio.

WHAT you lose thru baking failure must be added to baking costs—it has to be paid for.

Calumet Baking Powder will save you all of that. Because when you use it—there are no failures—no losses. Every baking is sweet and palatable—and stays moist, tender and delicious to the last tasty bite.

That's a big saving—but that isn't all. You save when you buy Calumet and you save when you use it.

Pure in the can - Pure in the baking

It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way — it is the best way to keep down baking costs. That's what has made it the world's biggest selling baking powder — has kept it the favorite of millions of housewives for more than thirty years.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

TRUCK FACTS

TRAFFIC TRUCKS ARE BETTER

Depend On Operation Economy

The profit earned by our trucks are the sole basis of judging its worth to you. They depend on operating—economy in fuel, oil, care, service, strain and repairs.

A truck unable to economize in these respects steal profit out of your pocket. Upon ignition depend many truck economy.

Fuel economy because it's fat, sure spark explodes every bit of the gas in the combustion chamber into all possible power.

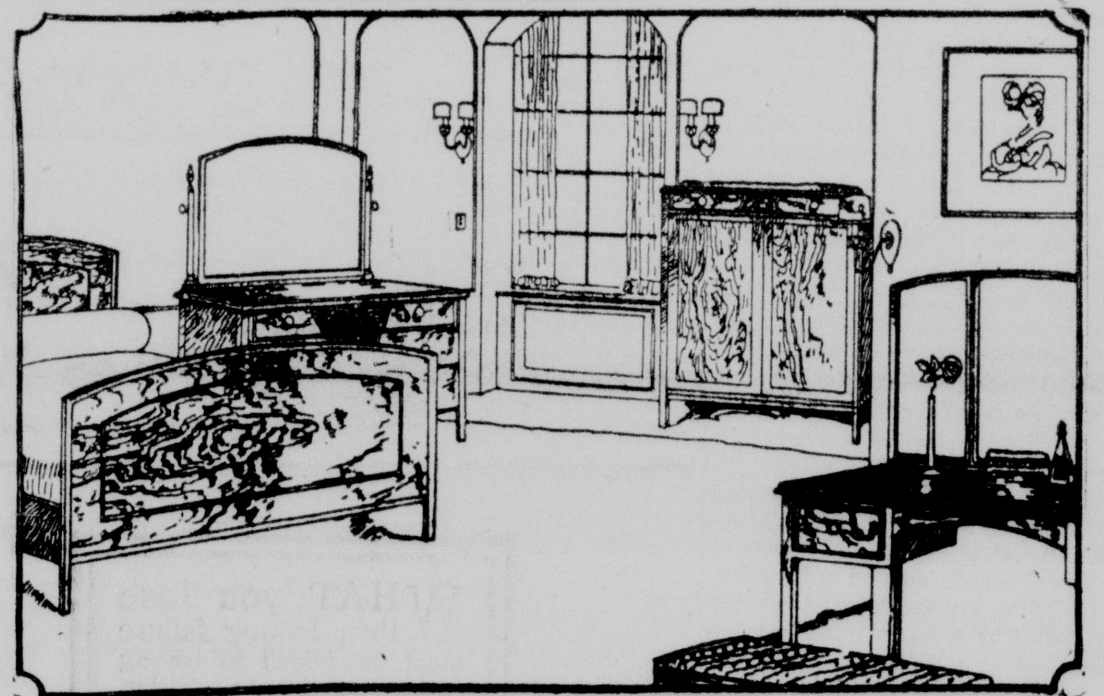

Lubricating economy—because it means less carbon and reduces the danger of fouling. All of this means less repairs, fewer overhauling. Less time away from work, besides the time over the road.

TRAFFIC TRUCKS is the most complete truck, on the market to overcome these troubles.

We have just received a car of TRAFFIC TRUCKS and will be glad to demonstrate these to you.

TEXAS POPULATION GIVEN AS 4,661,027

THIS IS AN INCREASE OF 764,485
OVER 1910, LEAVING STATE IN
FIFTH PLACE AGAIN

Washington, Oct. 4.—New York state, the most populous in the country, has a population of 10,584,144, an increase of 1,270,530 or 13.9 per cent over that of ten years ago. Populations of three other states also were announced today by the census bureau.

Texas has 4,661,027 inhabitants, an increase of 764,485 or 16.6 per cent over 1910.

New Jersey with a population of 3,155,374, showed an increase of 618,207 or 24.4 per cent.

Idaho with a population of 431,826, increased 106,232 or 32.6 per cent.

New York's growth was the second largest in its history, but was 574,190 below that of the decade ending in 1910. Its percentage increase was next to the lowest on record, a growth of 12.9 per cent being shown for the decade ending with 1870.

Growth of New York City

Revised statistics on New York City's population, also announced today, show the city to have absorbed practically two-thirds of the entire state's growth. The revised population of the city was announced as 5,620,048, an increase of 852,165 or 17.9 per cent. This was 1,103 less than the population previously announced.

Texas is expected to retain its present rank of fifth most populous state. Although its numerical growth was large, it showed its lowest relative increase.

New Jersey, which ranked eleventh in 1910, passes Indiana and Georgia in the 1920 census rank. The state showed its second largest numerical growth on record.

Idaho passes New Mexico and Vermont in the 1920 rank of the states. It showed its second greatest numerical growth, but its relative increase was the lowest in its history.

Houston Revised Census

Houston, Tex., (revised) 138,276; increase 59,476 or 75.5 per cent.

Revised populations of the five boroughs of New York City were announced as follows:

Manhattan 2,284,103; decreased 47,439 or 2.0 per cent.

Bronx 732,016; increase 301,036 or 69.8 per cent.

Brooklyn 2,018,356; increase 384,005 or 23.5 per cent.

Richmond 116,531; increase 30,562, or 35.6 per cent.

Queens 469,042; increase 185,999 or 65.1 per cent.

Essex county, N. J., containing Newark, (revised) 652,089; increase 139,203; or 27.1 per cent.

Hudson county, N. J., containing Jersey City, revised, 629,154; increase 91,923 or 17.1 per cent.

Yonkers, N. Y., revised, 100,176; increase 20,373, or 25.5 per cent.

Ossining, N. Y., 10,739; decrease 741 or 6.5 per cent.

Harris county, Texas, containing Houston 186,667; increase 70,974 or 31.3 per cent.

FOOT BALL GAME NEXT FRIDAY

Next Friday afternoon the football boys of the Cameron High School will meet in the first battle on the gridiron with Caldwell.

The Cameron aggregation is in fine shape with Jones as Coach and Baskin as Captain. These two men have helped very much in bringing the team to what it ought to be. If Caldwell isn't beaten next Friday it won't be the Coach's or Captain's fault.

Mr. Jones and some of the boys spent all of last Tuesday in cleaning off the field.

Mr. and Mrs. Joe Schiller and family of Meeks, spent Monday with Mrs. F. A. Marek.

WORK BEGINS ON HEFLEY THEATER

WONDERLAND MANAGER TO COMPLETE MODERN NEW PLAY HOUSE WITHIN SHORT TIME

Construction work has been started on the new theater to be erected by Sam Hefley in the W. T. Hefley building adjoining the Palace of Sweets. Tenants of the building moved out last week and the construction forces have made good progress this week.

The interior of the building will be remodeled for the theater. The play house will have an upper and lower floor. A modern lobby will be built in and the entrance made modern in every way.

Mr. Hefley now owns and operates the Wonderland Theater and this show will continue to operate thus giving Cameron three picture shows.

The new photo play house will be in operation in a very short time as construction work is being rushed.

BETTER SCHOOLS SPEAKER IN CAMERON OCT. 12th

County Superintendent Jim F. Chadwick is in receipt of information announcing that Mr. S. M. N. Marrs will speak in Cameron Tuesday, Oct. 12th. Mr. Marrs is representing the Better Schools Campaign now being conducted in Texas under direction of the Board of Health. The address will be delivered at 3 o'clock p. m. in the district court room. School patrons and the public should hear this address.

BIRTHDAY PARTY

Little Miss Ainette Ryan celebrated her seventh birthday this week with a town party at her home in which she entertained a host of her friends. She received many gifts from her friends with best wishes for many more happy birthdays. A delightful refreshment course was served with cream cones.

Mrs. Ryan was assisted in serving by Jennie Wren Houston.

MITCHELL BEGINS SERVICE AS HEAD LOCAL POSTOFFICE

EX-SERVICE MAN APPOINTED POSTMASTER AND NOW HAS CHARGE OF LOCAL SYSTEM

Lloyd Mitchell, young Cameron business man and soldier of the world war, has begun his duties as postmaster in Cameron, having received his appointment several weeks ago.

Mr. Mitchell succeeds Jeff T. Kemp who was acting postmaster. Mr. Mitchell made application for the position shortly after his return from Europe and was given the appointment over a number of competitors.

In business life Mr. Mitchell is a member of the firm of Collins & Mitchell, clothiers in Cameron. He will maintain his interest in the business but will not be active in its management. His appointment has been known for several weeks and he was delayed in taking charge because of business duties elsewhere.

Mr. Mitchell is a native of Milam county and is 32 years of age. He saw extensive and hazardous service in the world war as a commissioned officer in Company A, 357th Infantry, 90th Division. He was commissioned from the officer's training school at Leon Springs and went over with the Texas and Oklahoma division in June of 1917.

After the war Mr. Mitchell was on detached service for a long period with the Resuscitation and Claims Service and traveled over a large area of Southern France settling claims for the United States Government.

He was commissioned as First Lieutenant at Leon Springs but was promoted to be Captain following a short period of service in France. He remained in France long after his comrades had returned to America in charge of important assignments with the claims and requisition service.

His business experience will insure a high standard of postal service from the local office and his friends in Texas and elsewhere will be glad to learn of his appointment.

NEW THEATER TO OPEN OCTOBER 14

DELAY IN COMPLETION OF THE BUILDING PREVENTS OPENING ON OCTOBER 1 AS PLANNED.

The Auditorium Theater, Cameron's New Photo Play House, will open its doors to the public October 14, according to announcement made today by Manager Thompson.

Delay in the construction of the building is responsible for the failure to open on October 1 as originally planned by the management. The first program will feature Georges Carpentier, the French heavyweight boxing champion, in one of his latest screen triumphs. Carpentier is succeeding on the screen as he has succeeded in the squared circle.

The contractors are rushing to completion the work on the new theater and will complete all details of the construction by the middle of the week.

The world's press has been shown this week in the new theater and such arrangements as could be improved during the emergency were made.

BACK FROM CONVENTION OF TEXAS DRUGGISTS

F. E. Jackson, of the Pace-Marshall Drug Company, has just returned from the convention of the Pharmaceutical Association of Texas which met in Dallas. The convention was one of the most notable in the history of the Association.

Mr. Jackson while in Dallas took special work and examinations and is now a registered druggist. He takes an active part in the Association and always attends the conventions.

His friends and patrons will be glad to learn of his advancement in the profession and of his becoming a registered druggist.

PROCLAMATION

Whereas, Texas suffers a property loss by fire of several millions of dollars annually, seventy-five per cent of which is preventable and can be avoided by applying the simple rules of safety, and by the abandonment of carelessness; and

Whereas, Each year many of our citizens are burned to death, or maimed for life by fire. A compilation of statistics by State Authorities show there were 152 deaths and 310 injuries during the eleven months' period ending July 31, 1920.

Now Therefore, I, U. S. Hearrell, Mayor of the city of Cameron, to the end that the needless destruction of our created resources by fire may be minimized, and the lives and health of our people properly protected, do hereby proclaim SATURDAY, the NINTH day of OCTOBER A. D. 1920, FIRE PREVENTION DAY in the city of Cameron, and do hereby call upon our entire citizenship to observe the occasion by an examination of all flues and chimneys for the purpose of placing them in a safe condition for use; to clear away all accumulations of trash and other fire breeding agencies; to resolve to abandon careless habits responsible for so much of the fire loss, and particularly to exercise care in the handling, use, and storage of gasoline and other volatiles.

On that Day let our commercial organizations, our Women's Clubs, Boy Scouts, and other local bodies, stimulate interest in the work of eliminating fire dangers by actively engaging in the campaign against the things that cause fires, and let the teachers in all of our schools on the day preceding this occasion, instruct the children under their care in the execution of fire drills, and urge upon them the need for vigorously observing Fire Prevention Day.

In Testimony Whereof, I hereto sign my name and affix my official seal this 7th day of October A. D. 1920.

U. S. HEARRELL, Mayor.

JEFF T. KEMP TO WRITE INSURANCE

Jeff T. Kemp, former postmaster in Cameron, is now actively engaged in writing insurance, having closed a contract for local territory. He will no longer be connected with the local postal service as Lloyd Mitchell, ex-service man and Cameron business man has secured the appointment as permanent postmaster and has taken charge of the local office.

Mr. Kemp on leaving the service of the local postoffice was presented with a beautiful gold fountain pen by the employees of the local office as a token of their esteem and appreciation of his courteous dealing with them during his term as postmaster.

Mr. Kemp has been a leading citizen of Milam county for many years, and has served as county clerk in Milam county a number of terms. His wide experience as a public man will net him good returns now that he has turned his attention to the field of insurance.

His many friends in this county as well as over the State will be interested to learn of his new business venture and wish him success. Patrons of the local postoffice will remember and appreciate the service during his term of office.

Mr. F. A. Brock of Eloise was in Cameron looking after the opening of the Auditorium theater.

DRUG STOCK IS MOVED THIS WEEK

The drug stock of Avera & Read, owners of the Palace Drug Store have been moved to the building of the Cameron Water, Power and Light Company where the business is now in operation.

The moving of this stock was made necessary to allow for construction of a new theater in the buildings occupied by the drug store and the Cammer tailor shop.

When the new building of the First National Bank is completed the drug stocks will be moved to the building now being used by the Bank. This building will be remodeled and fitted out for the store.

Hon. U. S. Hearrell,
Mayor Cameron, Texas.

Dear Sir:

Official Report

The writer has just concluded an inspection of the city, and as a whole found things generally in good shape, fish control of the waters in the sewer and street culverts southwest of the courthouse square is suggested, as well as the pond to the north and west of the old school building, propagation of mosquitoes were only observed immediately in the southwest part of the business district in outflow numbers, the several water-melon rinds, quite old, found in a tub later in the day dumped into the street curb should not be permitted, as flies

THE SALVATION ARMY

The week of October 4th to 11th has been named as Salvation Army Week, in which to raise funds for the great work this noble organization is doing in Texas. In view of the present unsettled conditions the County Advisory Board for Milam County has decided not to conduct a campaign or "drive" in this county; but will simply accept subscriptions and forward them to the State Treasurer. All persons desiring to subscribe to the Salvation Army are requested to leave their subscriptions at any bank in the County or with any member of the County Advisory Board. Buttons will be issued to all subscribers.

While no appeal is to be made by the Advisory Board, it is well to remember that the Salvation Army is doing a great and ever increasing work. Its work before the Great War was done mainly in the densely populated sections of the cities, and consisted for the most part in aiding the needy, raising the fallen and comforting the afflicted, all tempered with the spiritual uplifting that is the foundation of its efforts. During the war the Salvation Army was one of

the great agencies working among the soldiers and sailors for their comfort and spiritual welfare, and was undoubtedly the most popular of all with the men. The lassie with the doughnuts will live forever in the world's history. Since the war the Salvation Army has gone back to its pre-war work, but has increased that work a hundred-fold and has extended it into kindred fields.

The recent organization of County Advisory Boards all over the State of Texas is a part of the "Army's" new work. It means that the work which was formerly done only in the cities will be extended to the country. Milam County will benefit from whatever amount is subscribed this week to the extent that Milam County needs the Salvation Army. Remember, Mr. Citizen, that whatever you give may go to help your neighbor's son or daughter,—or even yourself. Don't think of your duty! Think of the pleasure it will give you to know that you are helping in this great cause! Call at your bank and get a button!

RED CROSS MEETING LARGELY ATTENDED; ROLL CALL PLANNED

LOCAL CHAPTER SEND DELEGATES TO STATE CONVENTION AT WACO, OCT. 4-5

The Texas State American Red Cross Conference which convened in Waco Monday and Tuesday, (Oct. 4th and 5th) was attended by Mesdames B. P. Matocha, Delegate and C. R. Phillips, Division Chairman and member of State and District Committee.

Mrs. Matocha filled the vacancy caused by the recent illness of Mrs. Pearl Clement. At this conference, Roll Call plans of the A. R. S. were given to the county chapters for the forth coming drive, which will begin Nov. 11 and extend through the holidays or as the local chapter directs.

There were 137 delegates from over the State and the Conference was a splendid one in point of interest, enthusiasm and numbers present.

Many of the Chapters have been handling cases by the hundreds and their chapter finances have been severely taxed. A post war organization with a masterful personnel is needed to handle this big job of taking care of our wounded Texas Soldiers. Fort Camp Logan in Houston, El Paso and San Antonio chapters are carrying on a wonderful work. The Paris chapter have handle 500 wounded soldier cases. And there are still 26,000 men in hospitals now.

The principal addresses were made by F. C. Munroe, General Manager and Dr. Livingston Farrand, Chairman A. R. S. who was in Paris and Versailles a month ago. Prominent among the Conference speakers were Miss Charlotte Tansig of the Mail and Director of Publicity; Miss Burdige, St. Louis; Messrs. Stridell, Dallas A. R. C. Civ-R.; Camp, Dr. Farrand, Judge Sleeper, Waverly Briggs, Director State of Texas; Mrs. E. R. Krager, St. Louis Div. Director Junior A. R. C.

Sunday, Nov. 14, will be Red Cross Sunday.

Below is program:

Parish House, St. Paul's Episcopal Church.

9:00 a. m.—Registration of Delegates.

10:00 a. m.—General Session—Conference opened by presiding officer. Address of Welcome, Hon. Ben C. Richards, Mayor of Waco.

10:30 a. m.—Address by F. C. Munroe, General Manager.

11:00 a. m.—Presentation of Red Cross Program by Departments—Health Service, Civilian Relief, Juniors, Training, Disasters, Auxiliary, Camp Service.

12:15 p. m.—Recess.

1:00 p. m. (promptly)—Luncheon, Raleigh Hotel. Address by Dr. Farrand.

2:30 p. m.—Round Table Session—Auxiliary Service.

3:30 p. m.—Round Table Session—Junior Membership.

4:00 p. m.—Automobile ride, starting from Parish House, Episcopal Church.

8:00 p. m.—General meeting, Austin Avenue Methodist Church. (Public invited). Address of welcome, Judge W. M. Sleeper, Chairman Waco-McLennan County Chapter Red Cross Introduction of Presiding Officer, Mrs. E. R. Kroeger, Division Director, Junior Red Cross.

Address by Mr. Frederick G. Munroe, General Manager—American National Red Cross.

Address by Dr. Livingston Farrand, Chairman—American National Red Cross.

are very prominent right at that point, these are now to be seen on the streets leading down to the fire station.

As soon as can be done, the open back closets along the drain to the southeast should be looked after, as well as the hogs near the livery stable, a leaking water line also in that neighborhood. At this time we hesitate in trying to offer an economical suggestion for the sewer worms found in prominent numbers, but will try and work them out with other sanitary measures on our next call.

Briefly we wish to compliment you

NIGHT RIDERS ARE PLYING TORCH TO TEXAS COTTON GINS

ENRAGED OVER PRICE OF COTTON RESORT TO VIOLENCE. WARNINGS ARE ISSUED

Abilene, Oct. 6.—There were no new developments overnight in the so called "Night Riders" situation in Jones County, following receipt by a number of gins of warnings to cease operations, so far as can be learned here.

Gins at Anson which received warnings to quit are continuing operation, it is stated. One Anson gin proprietor said that he had received one notice to quit and considered every bale of cotton driven into his yard a notice to continue, so he will follow the majority.

"One threatening letter from an anonymous writer who doesn't know what he is talking about, and probably doesn't own a pound of cotton himself, shouldn't have much weight with anybody," this ginner is quoted as saying.

Heavy guards have been placed on the gins. The text of the letters received by four Anson gins reads as follows:

"Stop ginning. To stop ginning till cotton sell for 40 cents. Signed—Cometie. Tell all others."

OFFICERS REFUSE TO DISCUSS SITUATION

Anson, Texas, Oct. 6.—Peace officers are here and refuse to divulge their plan of action against the further burning of gins in this county following the warning received by gins to stop operations until cotton sells for 40 cents.

A gin at Lueders was burned Monday night and the plant of C. H. Rowland was destroyed by fire here Saturday night. Officers declare they have no evidence to ascertain the origin of the fire. All six gins here are running to their capacity.

Georgia Gins Guarded

Atlanta, Ga., Oct. 6.—Destruction of several cotton gins and business houses in the cotton belt after anonymous threats had been received by operators and business men to cease activities while cotton was selling at what many farmers termed prices below the cost of production, has resulted in the placing of armed guards around several gins and the closing of business in at least one community.

The general mercantile establishment of Taylor & Barnett at Hanceville, Ala., was destroyed early yesterday after the proprietors had ignored orders to close their places of business until cotton was selling at 40 cents a pound and had withdrawn guards.

Business houses at New Hanceville, whose proprietors received similar warnings, closed yesterday but stores at Garden City and Hanceville and gins in the vicinity remained open under armed guards.

Threats also have been received by business men in Georgia and South Carolina and the sheriff of Anderson County, South Carolina, yesterday was appealed to for protection after gin operators had received additional warnings. In Anderson County the gins have been given until Oct. 7 to suspend activities. Warnings posted on gins at Bowman, Ga., reads:

"We, the citizens of everywhere, kindly ask that this ginnery be closed until November, 1920, unless further notified. Please take notice.

and your city on the splendid conditions found as a whole, and in particular on the Anti-Malaria Mosquito Campaign, and the excellent results thus far accomplished, evidences of ailing and close inspection are noticed all around town.

CAM-HI NEWS

OUR HIGH SCHOOL

School started this year on September 13, with a greater number of pupils in the high school than last year. In our high school this year we have four new teachers: Mr. Jones, Mr. Williams, Miss Cass and Miss Loventhall. On account of the large number of pupils the study hall is not large enough to seat them all, and consequently the students are working under somewhat crowded conditions.

After the first three days things were in fine shape and the real school work began. Each class has a greater number of members than it had last year. The classes have organized and have already begun to develop class spirit.

The girls' literary clubs have been organized. There are two literary clubs for the girls. One of girls who are members of senior and junior classes, the other of girls who are members of sophomore and freshmen classes. The boys' club has also been organized as "The Disciples of Socrates." The first program will be given at the next meeting, which will be Thursday evening.

Along with school work, football has not been forgotten. Our team practices every evening and is getting in trim for the game with Rosebud next Friday. In spite of the fact that there are not as many boys interested in football as there should be, our coach, Mr. Jones, who is an excellent coach will do his very best to put out a winning team.

As time passes the general conditions in the high school are becoming more settled. The students are getting accustomed to school life and are beginning to bring up the work.

Clerk of the District Court, Milam

"THE DISCIPLES OF SOCRATES"

On Thursday, September 23, a large number of male students of the Cam-Hi met, and organized a literary society. Twenty-seven members were enrolled, and the following officers were elected:

President—William Avriett.
Vice President—Lee Howell.
Publicity Chairman—Scott McGuire.

Critic—Mr. Williams.
Sergeant-at-Arms—Walter Willis.
President Avriett appointed as program committee: Messrs. Massengale, Mewhinney and Howell. At the motion of Mr. Charles McGhee the meeting adjourned.

On the following Thursday Thursday, September 30, the new society met. At the suggestion of Mr. Cox the vice-president, the society adopted as the name "The Disciples of Socrates." Coran Yates, Eugene Matula, Billie Clark and Walter Hendrichsen were accepted as members of the society. Several sections of the By-Laws of the society were voted upon and Clark, Cox and Matula were appointed by the President to settle the questions of initiation of members, dues, fines and future times of meetings. At the motion of Mr. Alton Baggett the meeting then adjourned.

GIRLS' CLUB

The second meeting of the Girls' Club was held Thursday in the regular club room. The chairman of all the committees made a very favorable report. After the business of the club was attended to, a very interesting program followed. "Discovering a Year" was the subject, and it was discussed from different view points. Miss Jennie Lou Bryant made a good talk "Discovering a School," and Miss Mary Bailey discussed "Discoveries in the Home." The program was ended by a very interesting talk by Miss Agnes Henderson, concerning "Discoveries in Our Own Town."

CARRIE YOE CLUB

The girls of the Freshmen and Sophomore Classes held their regular meeting in their club room Thursday afternoon. The club was called to order by a selection on the Edison. Label Akin read the first installment

of "More Stately Mansions." "The Day I Would Like to Live Over," by Dr. Crane, was given by Eloise Rogers. The girls unanimously agreed to name the organization "The Carrie Yoe Club" in honor of Mrs. Yoe who has so generously displayed her interest in the education of the young people of Cameron.

CAM-HI FOOT BALL

The Cameron High School football team was organized and began practice on September 14. Under the Coaches, Mr. J. C. Jones and Mr. Max Plaster the team is improving greatly. For the first week only light work-outs were given. During that week the men most of the time were receiving training in catching forward passes and punts. Also, in that week long long and short sprints were taken. Signal practice began the second week. Several good plays have been given the team by Coaches Jones and Plaster.

Among the men trying for the line are: Captain Basnin, Watson, Joynes, Mayfield, Hefley, Tracy, G. Baskin, Massengale and Hubert. This line contains some large and good men. Some of the men trying for places in the backfield are: H. Willis, W. Willis, Matula, Self, Howell and Stevens. Porter Stevens, who has lived in Cameron before and who is known by nearly everyone in Cameron, came over from Rockdale last week to go to school in Cameron. Besides being a great addition to the team everyone is glad to see Porter back.

At this time Cameron has three games scheduled. They are:

Rosebud at Cameron, Friday, October 8.
Cameron at Taylor, Friday, October 15.
Beltan at Cameron, Friday, October 22.

The football team is progressing wonderfully, but there are still several boys in the High School who would make good football men, if they would come out to practice. All boys who can, should come out, for the team needs them, and they need the exercise.

JOKES

Mr. Jones: "Now then, Jack,

what's the next word? What comes after cheese?"

Jack Hearrell: "A mouse, sir."

Miss Loventhall: "Whom do the say supported the world on his shoulders?"

Eloise Rogers: "Atlas."

Miss Loventhall: "Now, if Atlas supported the world who supported Atlas?"

Eloise Rogers: "I suppose he married a rich wife."

Mr. Jones, in General Science: "When rain falls, does it ever rise again?"

Clifford Barmore: "Yes, Sir."

Mr. Jones: "When?"

Clifford: "Why, in dew-time."

Mr. Jones: "That will do Clifford, you can sit down."

Miss Loventhall was teaching a class in history and the subject was the end of the world. She asked: "What would you people do if you knew the end of the world was to come in ten days?"

Voice in the rear of the room: "Wait for it."

INSPECTION SHOWS SANITATION HERE HAS BEEN IMPROVED

Inspection of Cameron, Texas

Cameron, Texas, Sept 24., 1920.
Mr. V. M. Ehlers,
State Sanitary Engineer,
Austin, Texas.

Dear Sir:

Unannounced an inspection of the city was begun early this forenoon, and is thought best to be related in its order of finding, and is summarized for conclusions.

Arriving in Cameron via Santa Fe, one is impressed with excellent passenger depot in white tile brick, with well kept grounds and general appearance of tidiness, a walk from the station up town to the court house and business district for a beginning point. Standing water was observed in the curbs to the southwest corner of the square. Here in the ends of the storm sewer very profuse breeding of Culex was observed, from thousands of rafts of eggs. The adult wigglers and pupae in profusion, seemingly undisturbed tracing these waters down their course to the south and east many thousands of wigglers were observed. In fact, liberal numbers as to be a source of nuisance to the business houses in and around that part of town.

Further down near the Santa Fe tracks, Anopheles and Culex were taken liberally. The water there being quite foul and offensive, which was caused by apple peels, water melon rinds and general curb sewerage found in small quantities along the street curb line from the beginning, within a block and a half from the courthouse. On this course hogs found on the outside wallowing in the nearby waters. Open back closets set in also at this point, several of which almost dump into the open sewerage stream in question, particularly near the laundry, with a very large hop, open or bordering the open sewerage. Here the stream makes into an open branch, with no residences along its course, or in that part of town, making off into the open country, sewer worms were found liberally from the beginning of this sewer course.

Immediately in town just east from the courthouse is the bottling works, ice plant, round and square bale gins. The open storm sewer begins near the bottling works and is very foul and offensive, with liberal quantities of sewer worms working in the water all

along. The absence of wigglers was noticeable. This water makes off eastward, very much like the first mentioned stream with very few residences along its course, opening out into the country.

The two principal streets leading northward from the courthouse square into the best residential portion of town begin with fair drainage, rather level with a tendency to drain eastward. They are sprinkled daily, the splendid homes along these streets, with well kept yards, weeds and grass closely cut, the sidewalk grass and curb weeds kept closely mowed by the city, extend northward for most half a mile. We can offer nothing but quite favorable comment as a whole for the entire north part of town, and there should be no occasion for even a complaint from mosquitoes or unsanitation, unless a close inspection, of the premises would disclose something unobserved from the sidewalk.

To the west and northwest we find very pressing conditions in general. This part of town opening out into negro quarters on the outskirts of town, where no occasion for adverse reports were noticed, with the exception as in general, where poverty sets in, unkempt and untidy conditions is noticeable. Cisterns, rain barrels, wells and washerwomen's tubs likely produce mosquitoes even with inspection. Here we find an artificial pond of about half acre of water, partly dried up, but showing evidences of control. Anopheles wigglers were taken here, but in small numbers, we have suggested fish control here in lieu of oil.

Immediately west of the business district, sets in the negro and Mexican quarters. The S. A. & A. P. yards and depot for two or three blocks, the usual negro Mexican shanties are noticed. Dense growth of grass and weeds, the irregular streets, roads and trails to shacks and shanties, but general in very sanitary appearances as would termed in tenements or the poorer class and unskilled laborers.

To the southwest of the main part of town lies the Compress, gin and cotton yards, the Sap and Santa Fe freight stations, yards etc. Close inspection of the numerous water barrels on platforms (for fire protection) was made which disclosed 100 per cent co-operation with the city in its Mosquito-Malaria Campaign, from the Santa Fe depot makes off the open sewer or branch draining that part

of town, the railroads and industrial plants where no evidence of mosquito propagation was observed, after diligent efforts. Gambusia were found and immediately below here in the open waters in large numbers with absolute control.

It has been suggested to the city that no oil be applied or permitted on this drain that the Gambusia may have absolute control.

Cameron as a whole is in splendid shape both as pertains to mosquitoes and general sanitation, and is to be complimented on the progress made along general sanitary lines and particular anti-mosquito work.

Suggestions tending to correct a few bad places, and conditions found, have been offered, and the assurance of Mayor Hearrell is that the City will and is glad to carry them out to a conclusion.

I have made many pleasant acquaintances among the City's administration, as well as the county officers, while here, and leave feeling that Cameron is and will continue to co-operate with the State liberally in its onward sweep for better health.

The topography, industrial importance and general index of Cameron I believe are to be had from former survey.

Your very truly,

Inspector.

Lane Denson came in from Temple Wednesday to visit his parents.

Paul Graves of Liliac was in Cameron on business Wednesday.

Mrs. Mary Boatright of Marlow, was shopping in our city Monday.

Miss Mary Carlton has accepted a position with the Cameron Furniture Company.

Mr. and Mrs. Bob Davis with Mrs. Walter Baggett of Tracy were shopping in Cameron Tuesday.

The friends of Mr. R. L. Batte will be sorry to learn his arm is giving him much trouble at this writing.

Miss Gussie Castleberry with Clifford Blackburn of Rockdale were in Cameron Thursday en route to Austin.

LOUIS S. PIERCE IN CAMERON TODAY

Louis S. Pierce, of Navasota, owner of the Louis S. Pierce Dry Goods Store in Cameron is in the city for the week to superintend arrangements for the big sale, which is to start at 9 a. m. Friday.

Mr. Pierce also operates a large store in Navasota in addition to the Cameron business. He makes frequent trips to Cameron and to the East to purchase goods for his stores.

Mr. Pierce came over early last week to install a new manager for the local store.

Mr. C. W. Bradberry will be the manager of the store in the future, having taken charge last week.

J. F. Braun, who formerly managed the store has resigned the position and will assume new duties elsewhere in the near future.

Mr. Pierce declares that the market in dry goods will remain firm for a long time and that there will be no material reduction in retail prices, at least for some time. With the exception of Silks and Cotton Goods, there has been no reduction and there probably will be none in the immediate future.

The big sale at the Pierce store will last for 15 days and Mr. Pierce will be in the city part of that time.

HISTORY OF MENDENHALL'S NUMBER 40 FOR THE BLOOD

Forty years ago an old doctor, liver trouble. Under its use scrofulous swellings and bodily eruptions that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist, I named this medicine Number 40 For The Blood. J. C. Mendenhall, Evansville, Ind. 40 years a druggist. Frank Stacer, prominent farmer, Newburg, Ind., makes the following statement: "I suffered with rheumatism for several years. Tried numerous remedies with little or no benefit. Number 40 For The Blood was recommended to me and I improved from the time I began taking it. I have taken in all six bottles and feel that I am entirely well, as I have had no symptoms of the disease for two years."

sons, Jay and Hilton, who are stu-
dents in the State University.

Mr. and Mrs. Walter Thomas, a
few months of El Paso, have return-
ed to Cameron to make their home.
Cameron, after all, is hard to beat,
especially with those who were born
and reared here. We are glad to
have this young couple back with us.
Mr. Thomas is with the Louis S.
Pierce Co.

Miss Ethel Pool of Houston is
spending the week in Cameron in the
home of Mrs. Elbert Martin.

Editor of Herald,
Dear Sir:

We crave a little of your
valuable space to express our
appreciation of the action of
of a company of our citizens,
who, a few days ago voted
not to display the baseball
series on Sunday. We think
that is one of the finest things
that has been done in our town
for a long time. It is the
more notable because the game
is common on Sunday.

Now that we have made so
good a beginning in our inter-
est in the National Sport may
we not hope that there may be
a good enjoyment of what is in
itself a good clean game? As
the shame of gambling is be-
ing driven out higher up, let
us, as neighbors and friends
have none of the shame of it
among us.

HERALD EDITOR LOSES BEST FRIEND; FINE ENG- LISH TERRIER DOG KILL- ED IN AUTO CRASH

News reached the editor of
The Herald this morning from
his old home in Gonzales
county telling of the death of
Queen Sheba, fine English ter-
rier dog, which resulted from
injuries sustained when an
automobile struck and crush-
ed her. She lived only twenty
minutes.

She was a beautiful and in-
telligent pet, always sympa-
thetic and knew many tricks
and performed them when asked
to do so. She could talk
and read newspapers in her
own way and was useful and
energetic about the home. No
rodents were permitted to live
where she roamed and it was
one of her proud duties to
keep the fowls from the gar-
den plots and to embarrass
the ice man when he came
too early in the morning.

Brief mention of this is
made for the benefit of those
who own dogs and know their
worth and value. They will
understand the feeling with
which we deplore the death of
this beautiful dog. Our dumb
animals too often pass by un-
heeded for after all they are
the one best friend to man.
Men may desert you but these
traits do not enter the com-
panionship of the dog and his
master.

LAW REQUIRING TAX FROM NEW VOTERS PASSED AT AUSTIN

LEGISLATURE GOES CONTRARY TO OPINION OF ATTORNEY GENERAL IN PASSAGE

Austin, Oct. 2.—The free conference committee report of the election bills was adopted today by both branches of the Texas Legislature with the two-thirds votes necessary to put it into immediate effect, as soon as the Governor signs the measure.

The conference committee report on the industrial bills proposing more stringent laws for dealing with industrial disputes was adopted in the House by a vote of 87 to 20, this being less than a two-thirds vote.

The election measure framed by the conference committee provides that the election laws be amended for the payment of poll tax to Oct. 22.

The industrial bill under consideration is along the general lines of the original bill submitted by the Governor, except that the provisions are extended to apply to labor disputes involving any common carrier in the State.

The Senate passed finally without amendments the Miller-Davis House bill providing for the appointment of a commission by the Governor to investigate circumstances pertaining to strikes, lockouts, wage demands, etc. The House bill proposing that commissioners courts be allowed to issue deficiency certificates to secure funds to carry out tick eradication work was also passed finally by the Senate.

The House late yesterday passed to engrossment by a vote of 65 to 20 the bill recommended by the Attorney General's department providing for the divorcement of cotton gins from oil mills and packeries.

Final passage by both houses was given the election bill with sufficient vote to put same into effect immediately upon its being signed by the Governor tonight. It is the conference bill outlined in last night's dispatches and provides that both men and women shall pay poll tax of \$1.75 to vote in the November election this year. The usual exemptions are made as to electors who are aged and infirm. Absentee voting for men and women in primary elections is provided in the bill as is now permitted for men. The poll tax this year must be paid by Oct. 22 and collectors must furnish election boards with certified lists not later than Oct. 28.

Exemptions certificates are not required for men and women residing outside of cities of 10,000 population. After this year poll taxes must be paid by men and women before Feb. 1 of each year. The general election statutes are made to apply to men and women alike.

There was much discussion in both houses over the new bill and some opposition. The vote in the House was 96 to 13. In the Senate it was 18 to 3, whereas 21 affirmative votes are required to vitalize the enacting clause. A reconsideration was ordered and when the vote was taken a second time it stood 21 to 3 and thus the requisite number was obtained. Those who voted in the negative were Caldwell, Dudley and Rector.

Pope's Plan Defeated

In the House Mr. Pope wanted the

bill amended so as to eliminate the poll tax charge and permit men and women to vote this year without paying any fee or tax. He was defeated. He invoked the Attorney General's opinion to the Governor, declaring it positively held that a poll tax could not be imposed on women this year. He cited the conclusion of the opinion, which reads as follows:

"After a careful search of the Constitution and an examination of all of its provisions relating to the subject of poll tax, we conclude and so advise you that the Legislature has the power to impose a poll tax upon all persons, male and female, subject, however, to the provisions of Section 2 of Article 6 or the Constitution which requires the issuance of a poll tax receipt prior to the first day of February, next preceding such election; in other words, the Legislature which is now about to convene would not have the power to levy a poll tax upon women, which, under the Constitution would become a voting prerequisite in the coming November election, for the reason that the Constitution requires the payment of a poll tax, and the issuance of a receipt therefor, before the first day of February next preceding such election."

PUTS LEAGUE ISSUE ABOVE ALL OTHERS

DR. FRANK CRANE SAYS IT IS
THE GREATEST QUESTION IN
HISTORY OF MANKIND

New York, September 7.—"It is the most important issue in the history of the world, more important than any issue that has ever occurred in the history of mankind; compared with it all economic and industrial questions are small and all subjects of dispute between churches and creeds are insignificant." Thus does Mr. Frank Crane, writer of international repute, sum up the League of Nations.

Within the past ten years Dr. Crane has written no less than four hundred essays dealing with humanity and the things that directly affect the best interests of the people. He is a recognized authority on matters pertaining to public welfare and one of the most widely read editorial writers in the country.

In a recent issue of Current Opinion Dr. Crane answers many of the questions that have been raised by the opponents of the covenant in terms that are incontrovertible.

"Much has been made of the bugaboo that if we join the League American boys may have to be sent to Armenia, China or Africa to fight battles in which we have no concern," Dr. Crane says. "They may, it is true. But without the League four million American boys had to take up arms to fight in Europe. And without the League a similar crisis is likely to rise any day.

"Would it not be better," he continues, "to have a few Americans in an army to help police the world than to have the great body of American manhood called on any minute to help put out a universal conflagration?"

Against National Selfishness
"We talk of the Monroe Doctrine. We fear for our independence. We dread a Superstate that shall boss us. We denounce the League as plotting to sacrifice our nationality. Can't we stop to think about other nations? Don't we realize that every one of them is more jealous of its own national sovereignty than we are of ours? They have been trained for centuries in national pride. And if they are willing to give up a part of their independence, for the sake of the limitless advantages of co-operation, can not we?"

"Not even family life is possible without mutual concession, compromise and self-sacrifice, the life of the Human Family!"

"The League of Nations means progress, courage, humanity, opposition to it means reaction, cowardice and provincialism. Men who move heaven and earth to keep America out of the League are far worse enemies to the race than the Kaiser ever was."

"The League of Nations is not a far off question, one of politics, and diplomacy that does not concern you and me. It is of most vital, individual importance to every man, woman and

child in the United States.

It is the workingman, the poorer people, who suffer most from militarism, and would be most benefited by a League of Nations, which would relieve the world of its intolerable burden of destruction. It is they who fight in the armies, suffer death and wounds, it is they who eventually pay the taxes of war by their labor. No-body profits by war except profiteers.

Only Partisans Oppose It.

"The League is favored by the great majority of thinkers, by philosophers, men in universities and churches, by the American Federation of Labor, by writers and by all who are concerned in public welfare. It is opposed by one class only—the partisan politicians and those influenced by them.

"The kind of feelings that prompt us to enter the League should be looked at and compared with the kind of feelings that oppose. The League is idealistic, its opposition materialistic. The League implies optimism, belief in humanity, confidence in the honor of other nations; its opposition implies distrust, suspicion, hostility. The League is in line with every noble, chivalrous, manly sentiment; its opposition is captious, sneering, ungenerous. The League will promote race understanding; its opposites, race hates. The League spells co-operation as a world program; without the League there must be eternal cut-throat competition.

"The League of Nations moves with the great spiritual current of humanity. Every religion, except the fierce heathenisms of national propaganda, has dreamed of some sort of universal peace to stop war, the most monstrous curse of mankind. Christianity, Judaism, Buddhism, Confucianism, Baháism, all have had dreams.

"If we do not join, what else can we do? Can we stay out, and remain forever isolated from the rest of the world? We have to do business with other nations some way. If they are all in a League, shall we stay, as a suspicious enemy, or an arrogant, egotistic stranger?"

These nations that have formed a League are our Allies. A little while ago we were fighting by their side for the salvation of the world. Are we going to stand by our pals, or go over to the other crowd?

Benefits of the League.

"If the United States heartily en-

ters the League, one of the very first results will be the decrease of national armaments. If there is to be no League then we must clump back to the Ald Order, every nation arming to the teeth, tax burdens increase and wars occur with the regularity of hell's clock strokes.

"And, if we succeed in our noble experiment," states Dr. Crane, "if we establish a League of Nations, and if we disarm, think of what we can do with the enormous surplus of wealth which the race is constantly piling up and which heretofore has been burnt up in powder! What enormous public works we can undertake! What magnificent programs of education we can set forward among the earth's backward populations! What highways and bridges, what parks and pleasures, what universities and temples, what vast commercial enterprises, what grandiose works for the betterment of mankind! Think of the staggering loads of treasures we must pour out in the next few years to pay the debts of the last world war, and shall we take no steps to prevent another?"

"Does it mean nothing to you, business man, that gigantic taxes may be enforced on you to keep up a huge army and navy? Does it mean nothing to you, workingman, that you may be used as a pawn in the next game of bloody international chess? If we cannot stop war, industry will always be subject to periodic destruction.

"If you are going to oppose the League, you must propose some other way to stop war.

It is vastly more needful that some sort of League be formed any sort, than that it be formed perfectly. This is a new step for the nations; we must expect imperfections. All beginnings are difficult. But it is of such overwhelming importance to mankind that we ought to be very patient."

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County, Greeting:
You are hereby commanded to summon Pearl Colbert by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 8th day of November, 1920, the same being the 2nd Monday in Nov., 1920 then and there to answer a petition filed in said court on the 2nd day of October, 1920, in a suit numbered on the docket of said court No. 8284, wherein Allie Colbert is plaintiff and Pearl Colbert is defendant, said petition alleging: Statutory grounds of three years' abandonment.

Herein fail not, but have before said court on the first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor. Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change there was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take

Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

COMB SAGE TEA

INTO GRAY HAIR

Darkens Beautifully and Restores Its Normal Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other in-

gredients, a large bottle, at little cost, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we desire to retain our youthful appearance and attractiveness. By lathering your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

COTTON GAMBLE COST GROWERS MILLION

Austin, Texas, Oct. 6.—D. E. Lyday, vice president and general manager of the American Cotton Association, and F. C. Weinert, Commissioner of the Market and Warehouse Department, gave out the following joint statement:

"We do not believe in taking any radical step or promoting any radical action on the part of any citizen of this state or anywhere else, but owing to the action of a bunch of gamblers operating through the Cotton Exchange of the country, conditions have been brought about that are distressing indeed.

"We have approximately \$1,000,000,000 of the South's wealth swept away within the last ninety days, due largely to these gambling transactions. We have today wired the president of the New Orleans Cotton Exchange the following telegram, which is self-explanatory:

Text of Telegram

"The action of cotton traders in forcing the price of cotton down \$100 per bale in the last ninety days thru selling millions of bales they never intend to deliver, is bitterly resented by our people. Farmers everywhere are preparing to abandon fields of cotton of the best grade and staple in recent years. Traders gambling in futures on your exchange should pre-empt recent years. Traders gambling in futures on your exchange should prepare to pick the cotton they are selling.

"Our Southern farmers have lost \$1,000,000,000 through these illegitimate transactions, and are prepared to dispense with cotton exchanges in the future. It is generally believed this experience will wipe off the map the opportunity to destroy the business of a nation through gambling conspiracies."

People Should Call Halt.

"What is said in this telegram to the president of the New Orleans Exchange applies with force to the other exchanges operating in this country and in Europe. We think it is time for the people to call a halt. It is time that some united action was begun or the part of the producers of this country to organize themselves closely to be able to accomplish the

results that are so necessary to bring about immediate legislation for our immediate relief.

"If the farmers of the South were organized as they should be organized no such gambling transactions would have ever been heard of as we have witnessed in the last sixty days.

"We have expected a normal decline in the price of cotton, but have not expected any such decline as has taken place by reasons of a combination of gamblers selling the future market to death, thereby depressing the spot market to that point that the farmers of this state cannot afford to go to the expense of picking and ginning the amount of cotton left."

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating too Much Meat

When you wake up with backache and dull misery in the kidney regions it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediments, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithit, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Fordson Farm Tractor

There are many Tractors clamoring for the patronage of the farmer. The very air is charged with the noise of claims. One would think that all the farmer had to do was to buy a Tractor and he would enter into the Millennium.

Well, consider this fact—there are a great many different makes of tractors. Tractors have been on the American market for twenty years. In that time some three hundred thousand Tractors have been sold to the farmers in the United States. The Fordson Tractor has only been on the market two years, and in that time more than one hundred thousand Fordson Tractors have been sold to the farmers of the United States.

Two and two make four. Two and two will always make four. If the Fordson Tractor had not delivered more good work, more satisfactory work, than any other farm Tractor, it would not have sold in the ratio of anywhere from five and more to one. "The proof of the pudding is in the eating." The proof of the superior merits of the Fordson Tractor is in its larger sale and use.

The Fordson Tractor then asks you to buy it because of what it has done for your neighbors. It asks you to buy it on its merits. It asks you to buy it, Mr. Farmer, because you have use for it every day in the year. All the uses for the Fordson Tractor have not yet been uncovered because new places where machine power can take the place of human power, where machine power can supplant horse and mule-power, are being found every week, and wherever such discovery occurs, the Fordson Tractor will fill the bill more satisfactorily than any other form of power.

The Fordson is simple in design, and it is very strongly made of the highest quality of iron and steel. It is the product of the greatest mechanical genius the world has ever known, and it is most economical in first cost and after expense. The Fordson Tractor on your farm will increase the value of every foot of ground in that farm. It will put more dollars and cents into every hour you put into the farm.

Now why not have a Fordson right away? Take up the subject with us. Come in and get the details, and all the particulars. It is only a matter of time until you buy a farm Tractor—that is sure. So don't put it off when it means money to you to act promptly.

THE WORLD AWAITS VERDICT ON LEAGUE SAYS PRESIDENT

HAS SPENT LIFE IN FIGHTING
FOR WORLD SECURITY.—
MUST REDEEM SACRI-
FICES OF THOSE WHO
DIED FOR CAUSE

Washington, Oct. 3.—President Wilson in his first campaign appeal to-night, made directly to the people, urged the indorsement of the League of Nations issue at the election and declared "the whole world will wait for your verdict in November as it would wait for an intimation of what its future is to be."

The President characterized as "absolutely false" assertions that Art. 10 of the league covenant would make it possible for other nations to lead the United States into war. There was nothing in the covenant, he said, "which in the least interferes with or impairs the right of Congress to declare war or not declare war, according to its own independent judgment, as our Constitution provides."

People "Grossly Misled."

"My fellow-countrymen" was the President's method of addressing his communication to the people. It contained no mention of presidential candidates by name, but was confined to a brief defense of Art. 10, and a criticism of those who he declared had "grossly misled" the people with regard to the treaty.

The President said that those who had spent their lives, as he had, "in familiarizing themselves with the history and traditions and policies of the Nation must stand amazed at the gross ignorance and impudent audacity which has led them to attempt to invent an 'Americanism' which has no foundation whatever in any of the authentic traditions of the Government."

The text of the appeal follows:

"My Fellow-countrymen:

"The issues of the present campaign are of such tremendous importance and of such far-reaching significance for the influence of the country and the development of its future relations, and I have necessarily had so much to do with their development, that I am sure you will think it natural and proper that I should address to you a few words concerning them. Every one who sincerely believes in government by the people must rejoice at the turn affairs have taken in regard to this campaign. This election is to be a genuine national referendum. The determination of a great policy upon which the influence and authority of the United States in the world must depend is not to be left to groups of politicians of either party, but is to be referred to the people themselves for a sovereignty mandate to their representatives. They are to instruct their own Government what they wish done.

Amazed at Ignorance

"The chief question that is put to you is, of course, this: Do you want your country's honor vindicated and the treaty of Versailles ratified? Do you in particular approve of the League of Nations as organized and empowered in that treaty? And do

you wish to see the United States play its responsible part in it? You have been grossly misled with regard to the proposed character of the League of Nations, by those who have assumed the serious responsibility of opposing it. They have gone so far that those who have spent their lives as I have spent my life, in familiarizing themselves with the history and traditions and policies of the Nation, must stand amazed at the gross ignorance and impudent audacity which has led them to attempt to invent an 'Americanism' of their own, which has no foundation whatever in any of the authentic traditions of the Government."

"Americanism as they conceive it reverses the whole process of the last few tragical years. It would substitute America for Prussia in the policy of isolation and defiant segregation. Their conception of the dignity of the Nation and its interest is that we should stand apart and watch for opportunities to advance our interests, involve ourselves in no responsibility for the maintenance of the rights in the world or for the continued vindication of any part of the things for which we entered the war to fight."

"The conception of the great creators of the Government was absolutely opposite to this. They thought of America as the light of the world, as created to lead the world in the assertion of the rights of peoples and the rights of free nations; is destined to set a responsible example to all the world of what free government is and can do for the maintenance of right standards, both national and international. This light the opponents of the league would quench. They would relegate the United States to a subordinate role in the affairs of the world."

Rights Unimpaired

"Why should we be afraid of responsibilities which we are qualified to sustain, and which the whole of our history has constituted as promise to the world we would sustain? This is the most momentous issue that has ever been presented to the people of the United States, and I do not doubt that the hope of the world will be verified by an absolute assertion by the voters of the country of the determination of the United States to live up to all the great expectations

which they created by entering the war and enabling the other nations of the world to bring to a victorious conclusion, to the confusion of Prussianism and everything that arises out of Prussianism. Surely we shall not fail to keep the promise sealed in the death and sacrifice of our incomparable soldiers, sailors and marines who await our verdict beneath the sod of France."

"Those who do not care to tell you the truth about the League of Nations tell you that Art. 10 of the covenant of the league would make it possible for other nations to lead us into war, whether we willed it by our own independent judgment or not. This is absolutely false. There is nothing in the covenant which in the least interferes with or impairs the right of Congress to declare war or not declare war according to its own independent judgment, as our Constitution provides. Those who drew the covenant of the league were careful that it should contain nothing which interfered with or impaired the constitutional arrangements of any of the great nations which are to constitute its members. They would have

been amazed and indignant at the things that are now being ignorantly said about this great and sincere document."

"The whole world will wait for your verdict in November as it would wait for an intimation of what its future is to be."

AMERICAN PARTY NOMINEES CERTIFIED

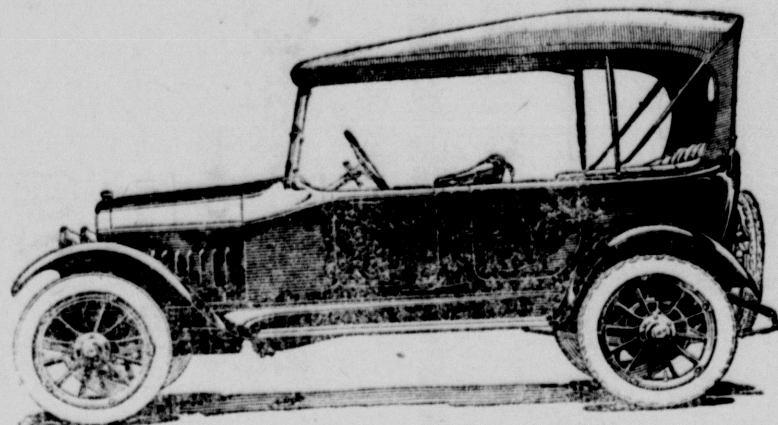

Austin, Oct. 2.—Nominees of the American party have already been notified by the Secretary of State C. D. Mims, according to an announcement made by him Friday, and he considers the temporary injunction granted by District Judge Ireland Graves to restrain him from making such certifications as coming too late.

Austin, Tex., Oct. 6.—A temporary injunction restraining the secretary of state from certifying the names of any American party candidates for public office for a place on the official ticket of the November election was granted late today by District Judge Ireland Graves.

Governor James E. Ferguson, found-

der of the American party and its candidate for president, stated last night that he knew nothing of the matter above referred to and was unable to express an opinion until he had all the facts. However, he stated, that any attempt to deprive the American party of a place on the official ballot in the November election would be fought to the last ditch.

COTTON YIELD FOR 1920 FORECAST AS 12,123,000 BALES

Washington, Oct. 4.—Cotton production this year was forecast Monday at 12,123,000 bales by the department of agriculture, which based its estimate on the condition of the crop on September 25, which was announced as 59.1 per cent of a normal.

Production was forecast last month at 12,783,000 bales and the condition of the crop August 25, as 67.5 per cent, while the forecast made in August was 12,519,000 based on a condition of 74.1 on July 25. Last year's production was 11,329,755 bales and the condition of the crop on September a year ago was 54.4. The 10-year average condition on September 25 is 63.0.

The condition of the crop this year on September 25 by States was: Virginia, 72; North Carolina, 68; South Carolina, 62; Georgia, 51; Florida, 50; Alabama, 49; Mississippi, 50; Louisiana, 47; Texas, 61; Arkansas, 65; Tennessee, 66; Missouri, 75; Oklahoma, 70; California, 78; Arizona, 90; all other State, 90.

A reduction of 660,000 bales in the cotton crop as forecast last month was predicted Monday by the department of agriculture, which based its latest forecast on a crop condition of 59.1 per cent on September 25.

LIFT OFF CORNS!

Apply few drops then lift sore,

touchy corns off with
fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly it stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but few cents at any drug store, but is efficient to remove every hard corn, ft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

FIRST NATIONAL BANK NEARING COMPLETION

The new \$75,000 edifice of the First National Bank in Cameron is nearing completion. The outside is practically finished and the steam pipes are being fitted on the inside.

The bank will have one of the best burglar-proof vaults in the state. The vault contains over forty tons of steel. A circular door will guard the entrance to the main vault. The entire basement will be the vault for

other valuable papers and bonds.

The interior will be the prettiest in the South. The lobby will be twice the size of the original. The clerks are looking forward to the time when they will be able to work in the new building.

The outside is finished in ornamental brick and rock. The cornice is especially beautiful. Adjoining the new building is the building of the Daugherty Motor Co. for their garage. This garage will also be well equipped. Both buildings will be steam heated.

EVER BILIOUS?

Charleston, Miss.—Mrs. R. V. Heins, of this place, says: "I have never had to use very much medicine, because if I felt headache, dizziness, or colds, bad taste in the mouth, which comes from torpid liver, I would take a dose or more of Black-Draught, and it would straighten me out and make me feel as good as new. We have used in our family for years

THEDFORD'S

BLACK-DRAUGHT

and it certainly is the best liver medicine I ever saw. It has not only saved me money, it has helped keep my system in shape, and has never weakened me as so many physics do. I recommend it to my friends and am glad to do so." Black-Draught is the old, reliable liver medicine which you have doubtless heard much about. When you feel badly all over, stomach not right, bad taste in your mouth, bilious, or have a headache, try Thedford's Black-Draught. At all Druggists.

BAPTIST MISSIONARY

All the circles of this society met in business session at the church Monday afternoon. Election of officers for the coming year resulted thus: Mrs. Voss Harlow, President; Mrs. Taddick, Vice-President; Mrs. Brewer, Secretary and Treasurer.

There was a good attendance and an interesting plan of work mapped out for the coming year.

METHODIST MISSIONARY

This being the end of the quarter these ladies had their quarterly business session. The executive committee met and made report that every thing was paid in full.

Devotional exercises were conducted by Mrs. Plaster and a solo by Mrs. C. D. Lay.

WARD-TABER

The Ward-Taber Wedding will be of interest to Cameron people. The following is taken from the Austin American:

On Wednesday evening, September 29, Miss Edith Taber of Austin became the bride of John Ward, at the First Baptist Church at six o'clock.

The church, with its decorations, formed an artistic setting for the bridal ceremony.

At the altar and lining the chancel rail were massed tall palms and ferns interspersed with large baskets of chrysanthemums placed on white pedestals, carrying out the bridal colors of white and green.

Before the ceremony a short program of music was rendered with Mrs. C. A. Mathews at the pipe organ.

Lester Brenziner sang "Beloved It is Morn," by Alyward and Mrs. Mathews. "Prelude from Lohengrin."

The bridal party entered the church to the strains of Lohengrin's wedding march.

First came the two ushers, Jack Adams of Cameron and J. N. Sanders of Austin, while up the opposite aisle came the bride's attendants in the following order:

Bridesmaids—Miss Bertha Ward, sister of the groom, and Miss Mamie Lee Taber, sister of the bride; Miss Arnette Taber, maid of honor.

Then came the bride on the arm of her father, A. W. Taber, who gave her in marriage.

The bride was dressed in a tailored suit of midnight blue tricotine, with which was worn a blouse of dark blue Georgette with trimmings of silk embroideries and iridescent beads.

The modish hat was of dark blue panne velvet with roll brim and trimmings of metallic embroidery.

Long white kid gloves with clasps of pearl and a shower bouquet of white chrysanthemums with streamers of white tulle completed the costume.

The gloves, shoes and other accessories of the going-away costume were all in soft tones of brown, and her dark blue veil was hand-embroidered in a pleasing brown shade to match the modish fur neck piece.

The maid of honor, Miss Arnette Taber, was gowned in navy blue taffeta, with short sleeve-fitted bodice embellished with Japanese lace.

The skirt was in triple effect with scalloped edges, with hand-made trimmings in color de rose with touches of blue.

With this was worn black satin pumps and lace hose and a large picture hat of panne velvet and taffeta with streamers of rose and silver ribbon.

Miss Taber carried a shower bouquet of orchid chrysanthemums with orchid ribbon streamers.

The two bridesmaids were dressed alike in navy blue taffeta, with fitted bodice, high rolling collar and very short sleeves, draped skirt in bouffant effect and with scalloped edge, the only touch of color being the vest of rare embroidery of the bodice front.

Both bridesmaids wore black satin pumps and lace hose, large picture hats of panne velvet and taffeta with rose and silver streamers, and carried arm bouquets of orchid chrysanthemums tied with orchid satin ribbon streamers.

The groom, accompanied by his best man, Will Ward of Dallas, met his bride at the altar, where Dr. W. A. Hamlett, pastor of the First Baptist Church of Austin, performed the marriage rites, using the impressive ring ceremony.

Mendelssohn's wedding march was played as a recessional while during the ceremony. Mrs. Matthews played

very softly, "Call Me Thine Own."

Immediately after the ceremony the wedding party was tendered a reception at the home of the bride's parents, 504 W. Tenth Street.

Here a color scheme of pink and green was carried out by means of pink rosebuds and ferns and festoons of pale green tulle.

The dining table with its cover of chunly lace and decorations of rosebuds and ferns, with rose colored candles in Oliver candelabra made an effective setting for the bride's cake, which, when cut, yielded up its treasures as follows:

Miss Mamie Lee Taber, wishbone; Mrs. Roy Carpenter, button; John Newton, thimble; Lawrence Taber, heart. Fruit punch was served throughout the evening by Miss Louise Adams, cousin of the bride, assisted by Miss Bertha Ward, Miss Arnette Taber and Miss Mamie Lee Taber.

Among the out-of-town guests in Austin for the wedding were the following:

P. O. Adams, Cameron; Miss Louise Adams, Cameron; T. F. Hardy, Cameron; Will Ward, Dallas; Mr. and Mrs. Hubert Hefley of Cameron.

Miss Edith Taber is the daughter of Mr. and Mrs. A. W. Taber of 504 W. Tenth Street, and has lived in Austin since 1916, having lived formerly in Cameron, Texas, where she graduated from the Cameron High School.

Miss Taber has held a responsible position in the Texas State Capitol for more than three years.

Mr. John Ward is the son of City Commissioner J. S. Ward and Mrs. Ward of 104 West 18th Street, and has lived in Austin practically all his life, attended the Austin public schools and is a graduate of the Austin High School.

During the world war, Mr. Ward was stationed first at Kelly Field, San Antonio, later attending the officers' training camp at Waco, Texas, where he lacked only two weeks of receiving his commission as lieutenant when the war closed.

Mr. Ward holds a responsible position with the John L. Martin Company.

Mr. and Mrs. Ward were the recipients of many handsome bridal presents.

Two large rooms of the bride's home were filled with handsome gifts.

Mr. and Mrs. Ward left Austin immediately after the reception for a short wedding trip to San Antonio, after which they will be at home in the Anthony Apartments at 2207 Nueces Street.

K. OF P. BANQUET

The Supreme Lodge of Knights of Pythias celebrated its thirtieth anniversary Monday night at 8:30. Messrs. Jeff Kemp and C. D. Lay were hosts at this splendid banquet as they were the only two remaining charter members.

There was a large crowd present, with nineteen past chancellors Commanders present and with Mr. W. A. Triggs as master of ceremonies, each of these nineteen made appropriate speeches.

After this Messrs. Kemp and Lay invited their guests to the Newport Cafe and seated around appropriately set tables a delicious oyster supper was served.

Here Judge Graham Gillis made a splendid talk.

TROUSSEAU PARTY GIVEN**BY BRIDE-TO-BE**

Miss Edith Taber, daughter of Mr. and Mrs. A. W. Taber, who is to become the bride of John Ward of Austin, on this Wednesday evening, entertained at her home, 504 West Tenth Street Monday afternoon from 4 to 6 o'clock with a "trousseau" party.

A great number of friends came to view the trousseau and bridal gifts, which consist of everything in silver, cut glass, pyrex and aluminumware; rare pottery, chinaware, candelabra, tea sets, linens, laces, towels, embroideries, hand-woven baskets and personal gifts too numerous to mention.

A color scheme of pink and green was carried out throughout the entire decorations.

This was carried out in the living room by means of pink Antigon and ferns and in the room containing the trousseau by pink rose buds, etc.

The draperies of the room and the hand-made articles in delicate tones of pink also enhanced the decorative effect.

One of the present, a gift from the

groom, was an imported robe from Panama, in which the colors were delicately blended, and made with flowers of hand embroidery, and a girdle of unique design.

The guest book, which was hand-painted by Mrs. Roy Carpenter, was a gift of the bride-elect's mother, Mrs. A. W. Taber and was presided over by Mrs. Carpenter.

Fruit punch was served throughout the evening by Miss Mamie Lee Taber and Miss Angie Prewitt.

Miss Taber was assisted by Miss Bertha Ward throughout the evening in receiving and entertaining the numerous guests.

RALLY DAY EXERCISES

Last Sunday morning the interior of the Presbyterian church was transformed by the magic hand Mrs. R. D. Brown into an early Autumn landscape, with ferns, goldenrod and large bowls of golden cosmos.

It was a wonderful program. The subject was "Outside the Fold," or more properly speaking, "The Good Shepherd."

All departments of the Sunday School took part from the Cradle Roll through the Seniors.

Some of the young teachers brought out their classes in a most creditable and inspiring way.

Just before the close Mrs. Giles Avriett, who is a fine story teller, gave in a most charming way, the story of the Good Shepherd. This was followed by a solo, "Ninety and Nine" by Miss Owen Bacon.

HISTORY CLUB

Two years or more ago this Club disbanded on account of the World War and the urgent demand upon the ladies for Red Cross work.

Last Thursday afternoon almost the entire personnel of the old organization met with Miss Winnie Henderson and reorganized.

Miss Winnie Henderson was made President; Vice-President, Mrs. W. O. Triggs; Secretary, Miss Miss Lillie Mag Jeter; Treasurer, Mrs. C. D. Lay.

Numerous topic for study were discussed, but the most favored one was Current History.

A committee was appointed to decide, make out year books, etc. They were Mrs. Graham Gillis, as Chairman; Mesdames T. S. Henderson, Sr., Tom Denson and Katie Robbins.

The Club decided to meet on their old days—the second and fourth Tuesdays of each month. The next meeting will be with Mrs. Ben Atkinson.

After the business session, Miss Winnie, assisted by Mrs. T. S. Henderson, Misses Ada and Mary Lake Henderson, served a delicious salad course, consisting of asparagus salad, pear salad, crackers and hot tea.

STEDMAN-STILES

Last Thursday night at eight o'clock in Taylor at the home of the bride's parents, Mr. and Mrs. A. W. Stiles, Miss Beulah Stiles and Mr. Hilry H. Stedman of Cameron were united in marriage. Rev. Ira Key, pastor of the Methodist church of Cameron, accompanied the groom and performed the ceremony which made the twain one.

It was a very quiet home wedding with only relatives and a very few intimate friends present.

The bride is well remembered here by the young people, having worked at the Citizens National Bank for a year, and won for herself many friends.

Mr. Hilry Stedman needs no introduction, as he was born and reared here, and has been climbing up the ladder of success steadily all the while, and is now one of the proprietors of the Palace of Sweets.

The young couple motored to Cameron Thursday evening and are now at the Auditorium Hotel.

Those attending the marriage from Cameron were: Mr. and Mrs. Tom Moore, Mr. and Mrs. Charles McDermott, Misses Cill and Minnie Stedman.

The Cameron Herald and a host of other friends wish for them much happiness and success.

WOMAN'S AUXILIARY

Monday afternoon the ladies of the Presbyterian church held their regular monthly business session and Bible study.

The lesson for the afternoon was Psalms 73 to 90 inclusive. Mrs. McFadyen was leader and conducted a very interesting lesson.

A solo by Mrs. Jeff Avera was very much enjoyed.

Cox Sends Message to Texans; Says Must Vote to End Wars

The message to the people of Texas which Governor James M. Cox, Democratic Presidential nominee, gave to The Star-Telegram Friday on board his special train between El Reno and Oklahoma City, follows:

"I am delighted at the opportunity afforded me by The Star-Telegram to extend a message to the people of Texas. I regret very much indeed that the limitations of time and demands upon me will not permit me to visit every state of the Nation. We are now completing a tour of approximately 11,000 miles, in which we have visited every Western State, carrying the gospel of peace as opposed to war, and of progress against reaction. We have found the people eager to be relieved of the uncertainty which has been deliberately cast around the greatest issue this country has ever had in any campaign. Not only do they welcome the information which we are seeking to give them, but we find an absolute resentment at the Senatorial oligarchy and its representatives, which has endeavored to deceive the public in its resentment against the President of the United States.

"A year and a half ago, everybody, regardless of politics, was for the League of Nations. It was only when a Presidential campaign approached designing politicians in the United States Senate sought to deprive President Wilson of his share of credit in the achievement of world peace thru the League of Nations. They have endeavored to show that the President was trying to force down the throat of the Senate the instrument from Paris, without reservation and without change and yet I have in my possession a letter which I am showing to American audiences, in which the President states very definitely that he has 'read' the Hitchcock reservations and is glad to say that he can accept them without change, and the Hitchcock reservations were written to meet every objection which has been raised from any source, to glorify

the meaning of the covenant and to reassure the American people, while, at the same time, stating to our Allies and associates in the League what the limitations of our treaty-making power were.

"History will write of this conspiracy of the Senatorial oligarchy as the blackest chapter in the record of our country. They have held up the civilization of the world by the heels. They have prevented the readjustment of the industrial affairs of their own country in order that selfish partisanship might be advanced, their motto seeming to have been, 'After the deluge, I am glad to say to my friends in Texas that, fortunately, the conspiracy and deep laid plot has been discovered in time and that the American people are giving their eyes opened. We entered the war as Americans and patriots. We gave our soldiers to fight this war that the war of the Senatorial oligarchy as the might be ended for all time. Our soldiers fought and died as patriots. It must be our purpose to keep our pledge to their families and to them. As they shot to end war, we must vote to end war."

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-POS WITH PEPSIN

LAX-POS WITH PEPSIN is a Liquid Digestive Tonic Laxative, excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c. Made and recommended to the public by Parke, Davis & Co., St. Louis, Mo., manufacturers of Grove's Tasteless Chill Tonic.

THOMASON URGES SCHOOL AMENDMENT

SPEAKER OF HOUSE MAKES APPEAL IN BEHALF OF RURAL POPULATION

Austin, Texas, Oct. 2.—"No more important campaign for the welfare of the people residing in the rural districts of Texas was ever undertaken in this State," declared Speaker R. E. Thomason of El Paso, referring to the proposed educational amendment to the State Constitution to be voted on Nov. 2, next.

"School legislation, since the first law was enacted in 1876 by the 13th Legislature," Mr. Thomason said, has been of so haphazard a nature that a most unjust and unexpected condition is the result. To put the matter bluntly, we have, during the past forty-four years, unwittingly to be sure, but nevertheless effectively, garbled the Constitution of the State of Texas to the extent that special privileges are now accorded the residents of large cities incorporated under the general laws, that are positively forbidden the residents of small towns and rural districts.

"Here in Austin, for instance, a free citizenry can go to the poles and decide upon what they consider a tax sufficient to furnish their children educational opportunities and responsibilities that are bound to be theirs in our present fierce, post war struggles for the survival of the fittest.

Appeal for Rural Child

"But it is left to the citizens or rural communities to decide for themselves what advantages are necessary for their children, whose struggles in life will be equally great? No; the laws steps in with, 'thus far and no farther,' for the country child.

"We are continually bewailing the influx of country people to the already overcrowded towns and cities," Mr. Thomason continued. "Can you imagine a better reason for a self-respecting, ambitious family leaving the

rural districts, than for them to encounter—when they dream of longer terms, better teachers, better school houses, a fighting chance for the children—a hated verboten sign staring them in the face from over the doorway of their dilapidated little school house?

"I cannot conceive of the amend-

ment failing," Mr. Thomason concluded, "when the voters become acquainted with the true facts, and realize that its adoption will result simply in adjusting our school laws to conform with the principle of our Government for which men have fought and died, 'Equal rights to all and special privileges to none.'"

There's A
Reason

—NO REDUCTION IN PRICE OF—

OAKLAND

SENSIBLE SIX

At this time when the public mind is disturbed by sensation-ally announced price reductions of automobiles and other merchandise and commodities, we desire to give assurance to those who require Personal Passenger Transportation, such as provided by the Oakland Sensible Six, that we do not anticipate reducing the price of our cars.

Starting with the production of the raw material required and continuing through to the finished product, over 80 per cent of an Oakland Sensible Six is labor.

Over 80 per cent of the cost of all other automobiles produced in large quantities is labor.

When wages paid to labor are reduced, or when labor produces more per man, then may manufacturers of honestly priced automobiles legitimately consider the reduction of their selling prices.

We have not heard of any instance where automobile workers are receiving lower wages.

If wages may be lowered eventually we see no immediate trend in that direction.

In the production of so essential a factor in our economic life

as the passenger automobile—increasing as it does the personal efficiency of owners by nearly 57 per cent—we believe the workers whose toil produces the vehicle should be large beneficiaries of the constructive character of their work.

If abnormal demand has been responsible for over-enthusiastic expansion and inflated profits in certain instances, the wage earner should not be made to suffer as he must if powerful forces effect lower automobile prices whether or no.

True enough, there have been many instances of inflated prices. There has been profiteering. And true enough, abnormal profits must be eliminated.

And that is what has been going on all around you recently—the price reductions you have witnessed in automobiles and other merchandise are the belated shaking out of the abnormal profits. The normal profits are still there.

Manufacturers whose goods have been priced on actual cost to produce, plus normal profit, have no inflated figures with which to appeal to the uninformed public in sensational announcements of "Price Reductions." Prudent, studious buyers will not be misguided by erroneous principles.

Oakland Price Advance in Five Years, Due to Increased Cost of Labor and Material, Only 27.4 Per Cent

In 1915 Model 32 Oakland Sensible Six was put on the market at \$795 f. o. b. factory.

Since 1915 the wheelbase of the Sensible Six has been lengthened five inches, its weight increased about four hundred pounds, its horsepower materially increased, its frame made deeper, and in many other ways the car has been enlarged, strengthened, improved and refined.

If the present Model 34-C had been built in 1915, it is more than conservative to say that, based on labor and material costs at that time, we would have been compelled to list it to sell at \$1095, or more, f. o. b. factory.

We are therefore able to say, also with great conservatism, that the present price of Model 34-C represents an increase, due solely to increased costs of labor and material, of 27.4 per cent. Larger production each year has kept this increase at a low figure.

Compare this increase with the increase of other automobiles and with commodities—with the things you buy every day.

Nowhere have we been able to find a standard article of merchandise that has increased as little in selling price as the price of the Oakland Sensible Six.

In the event of unexpected Reductions in the cost of labor and material that enter into the construction of the Oakland Sensible Six to a point where we may properly and legitimately reduce the list price of our cars between October 1st, 1920, and May 1st, 1921, we will refund to every Oakland purchaser who buys within the above mentioned period of time the amount of such reduction.

Interest In Oil Is Now Increasing Near Rockdale

Rockdale, Tex., Oct. 4.—Interest in the Rockdale oil field was considerably enhanced last week by the announcement made by the Oklahoma-Texas Petroleum Products Company that they had struck a splendid showing of oil bearing sand at around 450 feet on the Guy Cook farm five miles southeast of this city. The sand was struck just after penetrating strata of lime rock and extra heavy gumbo. The sand is characterized as the "livest" oil sand yet found hereabouts and the quality of the oil shows a preponderance of "lub."

Work on the well has been suspended pending the receipt of proper casing which will be set and the well drilled in. The head driller is of the opinion that he will be able to bring in a 50 barrel well within the next thirty or forty feet. Officials of the company who came here this week were J. Hales of Fort Worth, secretary and general manager; L. S. Shumate, vice president of Reed Springs, Mo., and G. W. Hendricks, vice president and auditor of Houston.

SAINT PAUL MAN GAINS 20 POUNDS

Carlson Also Gets Rid of Thirty-Five Years' Trouble With Rheumatism

"By taking Tanlac I have gained twenty pounds and gotten rid of rheumatism that had troubled me for thirty-five years," said J. W. Carlson of 96 Phelan Creek Street, St. Paul, Minn.

"I am now sixty years old," he continued, "and had suffered ever since I was a young man of twenty-five. During that time I had the very best of treatment and tried many different kinds of medicine, but got no permanent relief until I found Tanlac. I was in such bad shape last year that I was laid up for three months. I also had stomach trouble so bad that everything I ate caused me to bloat with gas and suffer for hours afterwards, often I had raging headaches, and was so nervous I could never get much sleep. Finally I gave up en-

tirely and never expected to be any better, but I began taking Tanlac and the way it knocked that rheumatism out was simply wonderful, and I haven't a sign of it left.

"My stomach trouble, too, has left me entirely. I eat three big meals every day, for I am hungry all the time and never have the least bit of indigestion. My strength has come back and it beats the world the way I am gaining in weight. I never felt better in every way in my life and it gives me pleasure to recommend Tanlac, for it will do just what they say it will."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

BEN COLLINS RETURNS TO CAMERON HOME

Ben Collins, son of Max Collins, well known business man, who has been in the employment of the Federal government at Camp Travis, San Antonio, has returned to Cameron and will be active in assisting his father in the management of the business here.

Mr. Collins has returned to fill the place made vacant by Lloyd Mitchell, who has been appointed postmaster in Cameron. Mr. Mitchell retains his interest in the business but cannot be active in its management.

The many friends of Mr. Collins will be glad to welcome him back to Cameron.

Miss Bettie Reichert of Sharp was shopping in Cameron Monday.

BUCKHOLTS NEWS

By Audrey Criswell

BLACK-HITT

As a distinct surprise to their many friends came the announcement of the marriage last week of Miss Aubyn Hitt, eldest daughter of Mr. and Mrs. M. N. Hitt, prominent residents of this place, to Mr. Archie Black of Jones Prairie.

The wedding was the culmination of a romance which began early last year while Miss Hitt was teaching in the Jones Prairie school. At the time of her marriage Miss Hitt was a faculty member of the Baird High School. The board of trustees were very reluctant to accept her resignation as she has made a very decided success as a teacher.

Miss Hitt has resided here since she was a small child and has many warm friends at this place. She was graduated from the Buckholts High School with the 1916 class. During 1917 and 1918 she attended the Southwest Texas Normal at San Marcos. She is a young lady of culture and refinement and by her modest and winsome ways she has always made friends wherever she went. She was very popular in the town's social circles and has always taken active part in all church affairs. Mr. Black has indeed won a true woman of splendid worth for a life mate.

Mr. Black is a progressive farmer of the Jones Prairie community and comes from one of the first families of that place. While he is not very intimately known here and he has made many friends while here to visit friends.

Mr. and Mrs. Black have the hearty good wishes of a host of friends for a long, happy, prosperous life.

MRS. ELMER MAULDIN LEWIS

A deep shadow of gloom was cast over this community when it was learned that Mrs. Elmer Mauldin Lewis had died at her home in Texarkana. After a lingering illness, death came Wednesday, September 29, at 12:30 p. m. Although friends and relatives had no hopes for her recovery it makes the departure of this noble woman none the less sad. She was laid to rest Friday afternoon in the Bryant Station cemetery beside her beloved mother who preceded her in death three years ago.

The funeral services were held by Rev. Lockhart. Many beautiful floral offerings were sent from various parts of the State, thus attesting the esteem in which Mrs. Lewis was held.

Mrs. Elmer Mauldin Lewis was born December 15, 1893. She was born and reared in the Bryant Station community. In 1913, during the pastorate of Rev. B. B. Crimm she united with the Baptist church at this place and has since lived a true, Christian life. In 1914 she was married to Mr. Howard S. Lewis, then of this place, and to them was born one son, Howard, Junior. She was very kind, gentle, and unselfish, always thinking of others' welfare before her own. There is a void in the hearts of many that can never be filled now that she has gone. It seems hard to reconcile ourselves to her being taken away just in the bloom of young woman and motherhood, but God in his infinite wisdom knows best and we are comforted by the knowledge that she is at rest with HIM.

She is survived by a devoted husband, a small son, a father, three sisters and three brothers.

The bereaved ones have the heartfelt sympathy of the entire community in their sad bereavement.

Mrs. T. P. Allen and daughters of Rogers were here Friday.

Mr. D. S. Rogers was in Temple last Thursday.

Mr. Grady Stone left last week for Waco, where he will attend Baylor University this year.

Mrs. Bettye Whites left last week for her home in San Antonio after an extended visit to her mother. Mrs. Smith and other relatives at this

Mr. and Mrs. L. T. Lewis of Cameron were here Friday to attend the funeral of their sister-in-law, Mrs. Elmer Lewis.

Misses Naomi and Audrey Criswell were shopping in Temple Thursday.

Judge T. V. Adams was a business visitor to Cameron Tuesday.

Mr. Joe Slovacek was in Dallas last week to attend to business matters.

Mr. and Mrs. Tom Allen and children and Mr. and Mrs. Crockett Allen spent the past week end in Temple visiting relatives.

Announcements have been received of the birth of twin boys to Mr. and Mrs. Jeff Reeder, formerly of this place, but now residing at San Antonio.

CALUMET BAKING POWDER
"BEST BY TEST"

It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way — it is the best way to keep down baking costs. That's what has made it the world's biggest selling baking powder — has kept it the favorite of millions of housewives for more than thirty years.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet
Sunshine Cake
Recipe
1/2 cup of butter,
1 1/2 cups granulated sugar, 2 1/2 cups flour, 1 cup water, 2 level teaspoons Calumet Baking Powder, 1 teaspoon lemon, yolks of 9 eggs. Then mix in the regular way.

and so there we were—an axle sprung and the rear spring broken. Luckily we were just in the edge of town well. Frank took the car to a garage, and I was just wandering around when I saw in a window the exact duplicate of that little Truetime suit I bought the other day in Waco and honey what do you think \$39.50 was all they asked oh! it honestly makes me feel sick to think I paid \$65.00 for absolutely the same garment. I walked in the store—Loewensteins is the name—and Helen there was I given the surprise of my young life. I never dreamed that a place the size of Rockdale could boast such a smart ready to wear shop. Hardwood floors, cozy seats, exquisite ornamental hangings, a ladies restroom and oh such suits! such frocks! such wraps! It was a treat to see the smart and distinctive creations they had on display and honey take it from me—the prices were just about half of what we have to pay at home. I'm so sorry I didn't know this place was here before I bought my suit. Surely would have saved money. So take my tip + drive over here for your new autumn fixings. There was one blouse—it was the sweetest thing—in the new

TRUCK FACTS

TRAFFIC TRUCKS ARE BETTER

Depend On Operation Economy

The profit earned by our trucks are the sole basis of judging its worth to you. They depend on operating—economy in fuel, oil, care, service, strain and repairs.

A truck unable to economize in these respects steal profit out of your pocket. Upon ignition depend many truck economy.

Fuel economy because it's fat, sure spark explodes every bit of the gas in the combustion chamber into all possible power.

Lubricating economy—because it means less carbon and reduces the danger of fouling. All of this means less repairs, fewer overhauling. Less time away from work, besides the time over the road.

TRAFFIC TRUCKS is the most complete truck, on the market to overcome these troubles.

We have just received a car of TRAFFIC TRUCKS and will be glad to demonstrate these to you.

TEXAS POPULATION GIVEN AS 4,661,027

THIS IS AN INCREASE OF 764,485
OVER 1910, LEAVING STATE IN
FIFTH PLACE AGAIN

Washington, Oct. 4.—New York state, the most populous in the country, has a population of 10,584,144, an increase of 1,270,530 or 13.9 per cent over that of ten years ago. Populations of three other states also were announced today by the census bureau.

Texas has 4,661,027 inhabitants, an increase of 764,485 or 16.6 per cent over 1910.

New Jersey with a population of 3,155,374, showed an increase of 618,207 or 24.4 per cent.

Idaho with a population of 431,826, increased 106,232 or 32.6 per cent.

New York's growth was the second largest in its history, but was 574,190 below that of the decade ending in 1910. Its percentage increase was next to the lowest on record, a growth of 12.9 per cent being shown for the decade ending with 1870.

Growth of New York City

Revised statistics on New York City's population, also announced today, show the city to have absorbed practically two-thirds of the entire state's growth. The revised population of the city was announced as 5,620,048, an increase of 852,165 or 17.9 per cent. This was 1,103 less than the population previously announced.

Texas is expected to retain its present rank of fifth most populous state. Although its numerical growth was large, it showed its lowest relative increase.

New Jersey, which ranked eleventh in 1910, passes Indiana and Georgia in the 1920 census rank. The state showed its second largest numerical growth on record.

Idaho passes New Mexico and Vermont in the 1920 rank of the states. It showed its second greatest numerical growth, but its relative increase was the lowest in its history.

Houston Revised Census

Houston, Tex., (revised) 138,276; increase 59,476 or 75.5 per cent.

Revised populations of the five boroughs of New York City were announced as follows:

Manhattan 2,284,103; decreased 47,439 or 2.0 per cent.

Bronx 732,016; increase 301,036 or 69.8 per cent.

Brooklyn 2,018,356; increase 384,005 or 23.5 per cent.

Richmond 116,531; increase 30,562, or 35.6 per cent.

Queens 469,042; increase 185,999 or 65.1 per cent.

Essex county, N. J., containing Newark, (revised) 652,089; increase 139,203; or 27.1 per cent.

Hudson county, N. J., containing Jersey City, revised, 629,154; increase 91,923 or 17.1 per cent.

Yonkers, N. Y., revised, 100,176; increase 20,373, or 25.5 per cent.

Ossining, N. Y., 10,739; decrease 741 or 6.5 per cent.

Harris county, Texas, containing Houston 186,667; increase 70,974 or 31.3 per cent.

FOOT BALL GAME NEXT FRIDAY

Next Friday afternoon the football boys of the Cameron High School will meet in the first battle on the gridiron with Caldwell.

The Cameron aggregation is in fine shape with Jones as Coach and Baskin as Captain. These two men have helped very much in bringing the team to what it ought to be. If Caldwell isn't beaten next Friday it won't be the Coach's or Captain's fault.

Mr. Jones and some of the boys spent all of last Tuesday in cleaning off the field.

Mr. and Mrs. Joe Schiller and family of Meeks, spent Monday with Mrs. F. A. Marek.

DEFIANCE SALE

COLLINS & MITCHELL

HONEST EFFORT

When you read a sales bill, and every one does, since prices are so high, the first thing that pops in your mind is the fact that prices have been smashed to smitherns.

Now You Believe this or no

Yet we are going to give you some real values and prove it to you. We are not going to take a loss on our goods, for we believe we are a good judge of merchandise and that we have the goods bought right, if not we might sell them below what they cost. We are willing to take the cost price on the goods we place on sale. Come in and see for yourselves, if we haven't the values here.

This sale does not last long as the prices are the very lowest we have ever given. Come in and inspect our stock of Men's Clothing. Everything a man needs, we have it and at prices well worth your investigation.
